Mystery Girl Sentenced

Originally sentenced to six months in jail as a disorderly person at Hackensack, N. J., a girl identifying herself only as "Susan Bower" of Bozeman, Mont., received a reduced term of 40 days on a retrial. The "mystery girl" is shown above with her attorney, James A. Major, after the retrial.

Three High School Girls Are Located

Missing Students Found in Bridgeport at Relative's Home

Three Kingston High School students reported missing yesterday were located about 11 o'clock last night at the home of a relative in Bridgeport, Conn., the sheriff's office said today.

The Kingston Police notified the sheriff's office at 6:30 last evening that Miss Inez Kirchner, 15, of the Plank road was missing. Eventually three girls were involved in the case.

County Investigator Clayton Vredenberg and Deputy Sheriff Joseph Haver began the investigation by contacting school mates of Miss Kirchner. The investigators were told by a high school student that she saw Miss Kirchner and two other girls on Broadway about 8:20 yesterday morning. One of the girls she said was Miss Elvina Huits of Kingston.

The third girl was not identified but later proved to be a sister of Inez Kirchner. The student told the investigators that Miss Kirchner was carrying a red alligator bag.

Located at Relative's Home.

At 10:55 last night the sheriff's office received a call from Elvina Huits' mother that the girls had been located at the home of a half brother of the Kirchners in Bridgeport.

Mrs. Huits said the telephone call had come from a half brother of Inez Kirchner who told Mrs. Huits that his brother notified him the girls were in Bridgeport and sleeping at the time. Mrs. Huits said the message was telephoned to her because the Kirchners do not have a telephone.

The parents of the three girls left immediately for Bridgeport to return the girls to Kingston.

Just Checking Up

Anyway, Woman Says, Husband Is No Jack-in-the-Box

Washington, Nov. 7 (AP)—L. B. Black of the police vice squad detected movement in a length of brown hose protruding from the hood of a parked car.

He snipped open the lid.

Out popped 6 feet some-odd of a man using the hose as a breathing tube.

Up dashed a woman. She said her husband, about as big as a Jack-in-the-box, officer Black's husband.

She came into town with the hose, she said. I just came along to check up on her."

Temple University Director To Confer on Grouping Plan

Official Declares Decontrol to Go Ahead as Planned

Election Upset Will Make No Difference, Is Report; to Give Master List

Washington, Nov. 7 (AP)—A top government official said today there will be no slackening of price and wage decontrol in the wake of the administration's election debacle.

Even as O.P.A. posted higher prices for many infants' and children's cotton garments and some other clothing items, this official told a reporter "the chances are better than 50-50" that price controls on all wearing apparel and textiles will be removed "very soon."

This action may be taken when O.P.A.'s so-called master decontrol list is announced, possible this week-end. Elimination of price ceilings on clothing and textiles automatically would free these industries of wage controls.

"Both price and wage decontrol will continue to be speeded up all along the line as outlined by President Truman when he announced the end of meat ceilings," a high official said.

He added that heads of government agencies concerned have been holding conferences to determine whether such items as automobiles and basic commodities like coal, building materials, steel and other metals should be freed of controls at this time.

Will Give Decision

Tied to the forthcoming announcement of O.P.A.'s decontrol list will be the administration's decision on what to do about the Wage Stabilization Board.

O.P.A. said today that many cotton garments for infants and children will cost from 10 to 15 per cent more, while men's individually packaged handkerchiefs will go up by 25 per cent.

The agency said this will result from allowing manufacturers to add increases in labor and material costs to their present ceilings.

A smaller increase in low-cost men's tailored clothing was predicted by O.P.A. as the result of an order permitting manufacturers to include in their ceilings a recent 10 per cent price rise for certain woolen and worsted fabrics.

Officials said the result would be retail prices 3 or 4 per cent higher.

Major decontrol actions yesterday lifted price ceilings from household vacuum cleaners and attachments, feathers and down, domestic ironing machines and clothes dryers, and mouton lamb and rabbit fur skins.

Recognized Authority on School Educational Procedures Will Talk With Board, Teachers, Parents November 14, 15

Dr. Emmett Betts, director of the Reading Clinic at Temple University, widely known educator, author and described as a recognized authority on educational procedures, will be in Kingston on November 14 and 15 for a conference with the Board of Education, teachers and parents on the "readiness reading grouping" plan which was instituted in the public schools and which has become widely criticized since its introduction at the opening of schools last September.

The decision to bring Dr. Betts to Kingston was made by the Board following a session of the Teachers' Committee on Monday evening.

President Bernard A. Feeney confirmed the meeting Tuesday afternoon and stated that the decision to bring Dr. Betts to Kingston to discuss the matter had been made for one purpose, that of obtaining the best possible information on the subject so that the Board might adopt a plan and prepare a program which would give to the students of Kingston's schools the best possible course of instruction.

Eugene Meyer Says Strikes Threaten World's Economy

New York, Nov. 7 (AP)—Eugene Meyer, president of the World Bank, declared today that strikes in this country are threatening the world with economic starvation and thereby endangering the peace.

Meyer called present American Labor relations "disastrous." He headed the Federal Reserve Board and the Reconstruction Finance Corporation under Republican administrations and resigned as publisher of the Washington Post last June to accept the bank's presidency.

Citing mining and factory production losses from strikes this year and stressing the potential effects of "a fresh stoppage of work threatened in the coal mines," Meyer asserted in a speech prepared for the annual meeting of the Academy of Political Science:

"I say emphatically that the crucial importance of continuous full production for our own welfare and for that of mankind throughout the world cannot be exaggerated. We Americans who but recently showed our sympathy for the people of the world by sharing the products of our fields must now become aware that this economic starvation threatens the winning of the peace."

"If we had not had many of these unnecessary stoppages of production, we could have helped the rest of the world by self-raising for export of part of our industrial production and at the same time have had more of everything here at home."

"National and world stability is now threatened by a starvation for the materials with which to reconstruct the devastated areas and to develop the

Congressman Has 48,827 Lead; Senator Polls 23,479 Margin

Congressman Jay LeFevre of New Paltz was re-elected to Congress on Tuesday by a plurality of 48,827 in the 30th Congressional District comprising the counties of Ulster, Columbia, Greene, Schoharie and Dutchess, according to unofficial election returns.

LeFevre in his successful run for re-election defeated Captain John F. Killgrew.

Senator Arthur H. Wicks was returned to the state senate by a plurality of 23,479, according to unofficial returns, in the 34th Senatorial District made of the counties of Ulster, Greene, Sullivan and Delaware.

In the 26th Congressional District for the first time in history a woman was elected to Congress. She is Mrs. Katharine St. George of Tuxedo, Orange county Republican chairman, who defeated James K. Welch of Chester, her Democratic opponent, by a plurality of 21,051, according to unofficial figures.

State Senator Thomas C. Desmond of Newburgh was re-elected by a plurality of 34,700.

In Dutchess county Senator Frederick H. Bontecou and Assemblyman Ernest I. Hatfield were re-elected by large pluralities.

Gas Tanks Split, Burn; Heavy Load

Truck Was Carrying Tombstones; Police Say No Sign of Brakes Being Used

Identity Unknown

Police Working Today to Learn Names; No Verdict Given

Two men, apparently both members of the crew of a tractor-trailer owned by John Musto and Anthony A. Orapallo of 2632 South 16th street, Philadelphia, Pa., operating as Vermont Motors Express, were cremated shortly after 1 o'clock this morning when their vehicle crashed into the abutment of the 9-W underpass at Alsen and the vehicle burst into flames.

At the time of the accident one of the crewmen apparently was asleep in the sleeping compartment of the vehicle and was thrown forward to the cab which was immediately enveloped in flames when the gas tanks broke and burst into flames. It is believed both men died instantly.

Shortly after 1 o'clock neighbors heard the crash and observed a flash of flames. State Police at Catskill were notified and summoned the Catskill fire department but the vehicle was completely destroyed and the two men were burned almost beyond recognition.

Investigation Made

Corporal Fred Knight and Troopers Henry Burmester and Henry McCabe of the Catskill barracks went to the scene and made an investigation. They report the truck and its load of tombstones a complete loss, the stones being broken and damaged by the extreme heat of the fire.

State Police say there was no sign of a brake having been applied as the vehicle loaded with between 15 and 20 tons of granite crashed into the embankment of the overpass.

It was expected that identity of the two men would be established through contact with the Philadelphia office of the company later today. Both men were believed to have been employees of the company. State Police said. The company makes trips several times a week between Barre, Vt. and Philadelphia and it is assumed the driver was familiar with the sharp turn and the railroad overpass. The heavily loaded truck failed completely to make the sharp right angle turn to pass under the tracks. It is assumed the brakes either failed to work or the driver may have fallen asleep at the wheel. No other vehicle was involved in the accident.

Identities Are Sought

An investigation was under way today to establish the identity of the men and also the cause of the accident.

Coroner Mahlon Atkinson of Greene county was notified and while the deaths are believed to have been accidental, the verdict of the coroner is being withheld pending identification of the two men and completion of the investigation.

The truck was coming south at the time it hit the heavy load. There is a slight down grade at the scene and two right angle turns as route 9-W passes under the railroad tracks.

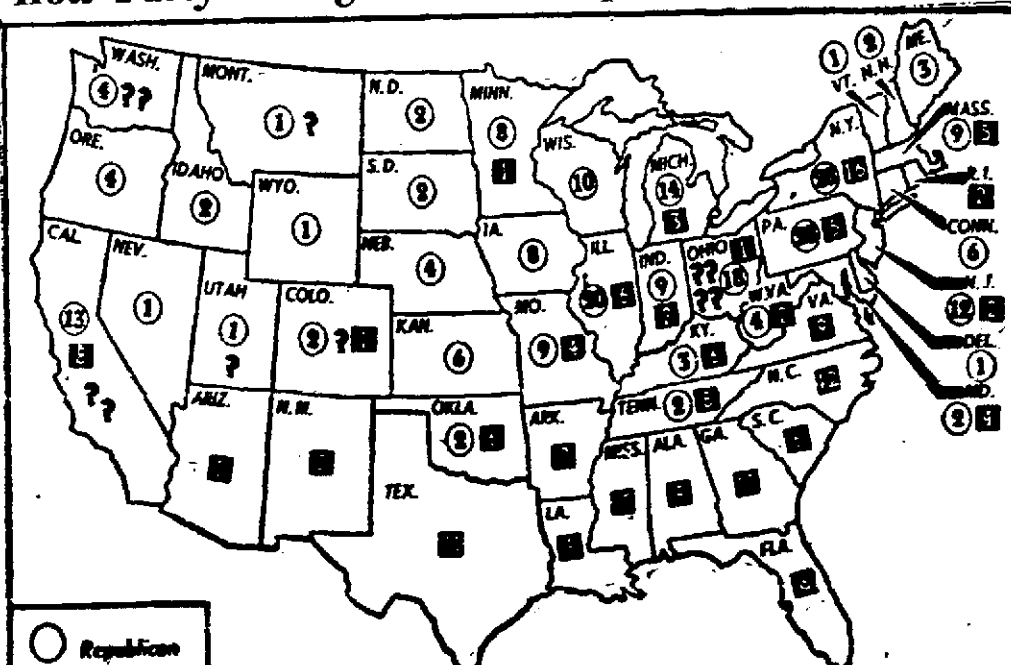

It is expected that identity of the driver and his assistant will be established through dental work, but State Police said otherwise the men were burned beyond recognition in the gasoline fed flames.

At His Canaries

New York, Nov. 7 (AP)—Ismael Hindaway, who was forbidden by the government to take his 18 canaries to Egypt last August, believes he has solved the problem in a practical way—he says he ate them.

The 286-pound Egyptian said yesterday for his homeland on the Marine Corp. When asked where his canaries were he said: "I have eaten them. I must get to Alexandria to see my sick mother."

Govorov Declares Russia Fights for Lasting Peace

London, Nov. 7 (AP)—In a keynote speech marking the 29th anniversary of the Bolshevik Revolution, Marshal Leonid A. Govorov declared today in Moscow that Russia would "fight unswervingly for a lasting, stable and democratic peace."

The 49-year-old hero of Leningrad told a great crowd assembled in Red Square that Russia could not fail in the fight because she "enjoys the support and sympathy of the wide masses of the people throughout the world."

"That is why," he declared, "despite the intrigues of the forces of world reaction, the cause of democratic peace must triumph."

Govorov's speech, broadcast by the Moscow radio, preceded the customary hours-long parade through Red Square by massed ranks of soldiers and workers.

The broadcast account of the proceedings did not indicate whether Prime Minister Stalin—usually the central figure on these occasions—was present. The annual policy declaration, ordinarily read by Stalin on the eve of the

Teachers' Strike Ends When Senior Talks

Uniontown, Pa., Nov. 7 (AP)—A strike of 110 teachers which had left 3,200 students idle for 27

days was tentatively settled today—thanks to the guile of a smooth-talking senior at Redstone Township High School.

The senior, August Ceshin, and other students sat quietly last night while teachers, board mem-

bers and parents argued angrily about the teachers' demand for a \$400 annual pay raise.

Suddenly Ceshin sprang to his feet. "The students are caught between the devil and the deep blue

sea," he declared. "We don't want to lose a year in our school life—and that year certainly counts a lot in a young guy's life. We want to go back to school!"

There was quiet for a time. Then applause broke out among

the teachers. A little later a tentative agreement was made to end the strike, the school board pledging it would grant any pay raise possible immediately and put a \$400 boost in the 1947 school budget.

The long strike had threatened to cost the students a full term's work.

Battle Post Not To Disturb Front

to balance the budget if taxes are cut.

Fight for Floor Leader

The major organizational battle is expected to revolve around selection of a floor leader in the House.

There is no one on the horizon to challenge the bid of Joseph W. Martin, Jr., of Massachusetts for the speakership to be vacated when Sam Rayburn of Texas steps down from the post to take his place with the Democratic minority.

As Republican floor leader during the party's political depression years, Martin automatically is in line for the speakership.

Mentioned most frequently as leading contenders for the floor leadership are Reps. Clarence Brown of Ohio and Charles Halleck of Indiana. Brown directed the successful campaign just completed, while Halleck headed the

party's Congressional campaign committee.

In the field also are Reps. Everett Dirksen of Illinois, Earl Michener of Michigan and Thomas Jenkins of Ohio.

The decision as to which will wear the toga of leadership rests finally with the Republican caucus.

The caucus also must decide the recipients of such choice patronage posts in the House set-up as the clerkship, sergeant-at-arms and doorkeeper. There will be candidates galore.

It will be called upon, too, to settle fights almost certain to grow out of conflicting bids for choice committee assignments.

How Far to Go

And the party must decide between now and January 3 how far it wants to go along with the congressional "streamlining" approved last summer but not binding on the new session. The reorganization plan calls for a reduction of more than half in the number of Senate and House committees, and there is an inclination on the part of many Republicans, particularly in the

House, to disregard some of its provisions.

Republicans haven't had a regular congressional committee chairmanship since 1931 and some members see no reason to give any of them up now that they are within reach.

In the Senate, Arthur Vandenberg of Michigan has the inside track for election as president pro tem and also is slated to be chairman of the potent foreign relations committee.

Robert A. Taft of Ohio is expected by many to become Senate majority leader and to head the tax-writing finance committee, should he decline the active floor leadership and retain his chairmanship of the Republican Steering Committee.

the leadership may go to Senator Wallace White of Maine, now minority leader.

"White can have the post if he wishes it; there will be no fight in the Senate like the one in prospect in the House," a highly-placed Republican told reporters.

Will Have Working Majority

Regardless of how majorization problems are settled, Republicans will have a working majority in both the Senate and the House.

Already they are assured of 246 House and 51 Senate seats, 28 more than an actual majority in the House and three more than half of the Senate.

Accepting the legislative responsibility entrusted to the G.O.P. by the electorate, Republican National Chairman Carroll Reece hailed Tuesday's elections as a "definite mandate by the American people."

Democratic National Committee Chairman Robert E. Hannegan reminded the Republican party that it is "faced with a great responsibility" and "with a Democratic administration, it is jointly answerable to the people for a program to establish peace in the world and continued prosperity for America."

In disclosing his intention to press for an immediate 20 per cent individual income tax cut, Knutson said the Republicans also will seek to cut excise taxes on liquor, jewelry, furs, cosmetics and a long list of other items.

"Our immediate goal will be to cut expenditures, balance the budget, establish a surplus each year to apply on the national debt and grant as much relief to a tax burdened nation as sound fiscal policies under governmental economies will permit," Knutson said in a statement.

A presidential veto of any 20 per cent tax cut appears almost inevitable in view of the administration's repeated emphasis on keeping levies near their wartime peak while national income continues high.

In Sullivan county, James G. Lyons, incumbent assemblyman, was the lone Democratic candidate to withstand the sweeping Republican tide of Tuesday.

Lyons defeated his G.O.P. opponent, Ronald M. Albee of Roscoe by more than 1,000 votes.

Orange County Returns

Smashing pluralities in Orange county were recorded Tuesday for Governor Thomas E. Dewey and the Republican ticket. Dewey defeated Mead in the country by more than 23,938 votes.

The biggest disappointment to the Democratic leaders in Orange county was the small vote polled by their candidate, Mr. Welsh, on the Veteran-Farmer ticket, which had been expected to lure Independent Republicans to the Welsh side. Only 314 votes were cast on the V-F ticket, while Bryce Oliver, American Labor party candidate for Congress, polled 1,046 votes in Orange county.

Governor Dewey ran three to one ahead of Senator Mead in Orange county, polling 34,249 as compared with an aggregate of 12,875 for Mead.

Greene County Results

Riding along with the nationwide tide against the Democratic party, the Greene county Republican ticket was swept into office with pluralities that in many cases set all time records.

Republicans Aim At Stifling Idea On U. S. Relations

Move to Quiet Jittery Speculation Abroad on Radical Changes

By JOHN M. HIGHTOWER
New York, Nov. 7 (AP)—Top Republican diplomats at the United Nations and the Council of Foreign Ministers rallied to the support of established American foreign policy today in an evident effort to quiet jittery speculation abroad about possible radical changes in this country's international relations.

through another round of committee work today and the foreign ministers marked time until tomorrow on the dispute over control of strategic Trieste, Republican statements on the foreign policy situation were much discussed by diplomats here.

Senator Arthur H. Vandenberg, of Michigan, who is expected to become foreign relations chairman in the Republican-controlled Senate, said that his own reelection "means unmistakable endorsement of the united, bipartisan foreign policy" which he has had a large share in developing over the last two years. He added:

"I take it the national returns present a similar mandate. They mean that this policy will continue."

Stronger and Clearer
John Foster Dulles, an alternate member of the United Nations delegation, said he was confident that "a Republican Congress will not throw our foreign policy into confusion, but rather will make it stronger and clearer for the benefit of ourselves and the world."

These two men, with Ex-Senator Warren Austin of Vermont who is chief of the United States U.N. Delegation, make up the main Republican collaboration with the administration of foreign issues.

Many of the charter provisions and much of the American work

on the European peace treaties by the foreign ministers reflect especially the ideas of Vandenberg and Dulles.

Despite this record of bipartisanship and the generally held belief among diplomatic authorities here basic American foreign policy will in fact remain unchanged, speculation about the significance of the elections developed along three main lines:

The Strong Man

Vandenberg, because of his past record and his dominant position in the next Senate, evidently becomes the strong man of the American missions to the Big-Four Council and the U. N. meeting. Chairman Connally (D-Tex.) of the outgoing Senate Foreign Relations Committee moves into a lame duck position as far as the chairmanship is concerned and Byrnes knows Vandenberg will be able to block any major Byrnes proposal if he disagrees.

What the Republicans do with their leadership in Congress about the day-to-day application of foreign policy is regarded by many foreign delegates as unpredictable. While their party "internationalism" is not especially questioned, their congressional action on tariffs, foreign loans, foreign trade and the like will be of utmost importance in future policy development.

Believes Reds Reconciled

A question of American relations with Russia arises from the fact that during the pre-election campaign Moscow assailed Vandenberg and his influence, while in this country the Republicans made an issue over domestic Communism.

How Moscow will adjust itself to the new situation remains to be seen. One Western diplomat with much experience in Moscow said he believed the Russians had long since reconciled themselves to Vandenberg's influence.

The Big-Four sessions were in recess today because Soviet Foreign Minister Molotov wanted to participate in an embassy celebration in Washington of the anniversary of the Communist revolution in Russia.

The foreign ministers will meet formally again tomorrow for a probable showdown on the Trieste issue—key to successful completion of an Italian peace treaty. The United Nations worked through a schedule of committee sessions arranged to cover relatively routine but necessary work on such issues as selection of a permanent site and criticisms of Franco Spain.

Reds Say Departure From F.D.R. Beat Democrats

Washington, Nov. 7.—The Communist party newspaper Pravda, today said that the "who" of the political capital, acquired by Roosevelt naturally, cannot receive interest on this capital.

The elections revealed that the "two-party" policy of "unity" in foreign relations, which the successors to Roosevelt, and one of their meritorious

accomplishments is pure illusion," the commentary said.

"The Republicans exposed this illusion and proved that authorizing and drafting of the present foreign policy of the U.S.A. really belongs to them (the Republicans)." The article said the Democrats had delayed an "appeal for aid to the ghost of Roosevelt." Noting Gov. Thomas E. Dewey's re-election in New York, the newspaper said that "renders probable his second nomination in the presidential elections of 1948."

The total production of dry lima beans in 1945 was 262 million pounds.

Republicans Hold Governorship Edge

G.O.P. Control Is 25 Out of 48; Colorado Is Lost by Livingston

(By The Associated Press)

Republicans hold a two-state, 25 to 23 edge in the nation's governorships today, the same margin the Democrats had before the election.

The G.O.P. gain results from overturning Democratic state administration in Massachusetts and Idaho. This three-state margin was whittled to two when the Democrats captured the governorship in Colorado, where the G.O.P. had been in power.

In Tuesday's 34 contests, Republicans marked up victories in 20 states: California, Connecticut, Idaho, Iowa, Kansas, Maine, Massachusetts, Michigan, Minnesota, Nebraska, New Hampshire, New Jersey, New York, North Dakota, Ohio, Oregon, Pennsylvania, South Dakota, Vermont and Wisconsin.

Besides winning Colorado, Democrats stayed in office in Alabama, Arizona, Arkansas, Georgia, Maryland, Nevada, Oklahoma, Rhode Island, South Carolina,

Tennessee, Texas, New Mexico and Wyoming.

The smashing victory of Gov. Thomas E. Dewey in New York set the pace for his Republican colleagues and placed him squarely in the running for 1948 G.O.P. presidential nomination.

In Ohio, Frank J. Lausche, who won the governorship in 1944 while his state was pumping for Dewey in the presidential race, was defeated Tuesday by Republican Thomas J. Herbert.

Massachusetts elected the G.O.P.'s Robert F. Bradford over Democratic Governor Maurice J. Tobin, while in Idaho Mr. C. A.

Robbins defeated Gov. Arnold B. Williams, a Democrat.

In wrestling Colorado from the Republicans the Democrats elected William Lee Knous. He won over Republican Leon E. Lavington.

School Newspapers
Invited to Join
Tuberculosis War

All high school newspapers throughout the county have been invited to participate in a nationwide educational campaign on the prevention and control of tuberculosis. It was announced this week. The publications will cooperate in the 10th annual school paper project sponsored jointly by the National Tuberculosis Association and the Columbia Scholastic Press Association.

The project in Ulster county will be under the direction of the Ulster County Tuberculosis and Health Association which is affiliated with the National Association. Articles, editorials or cartoons submitted on either one of two themes: "Why Nations Should Work Together for Tuberculosis Control" or "How Christmas Seals Are Used to Improve the Health of My Community" will be used.

When the most outstanding entries published in school papers in the county have been selected, they will be forwarded to the State Tuberculosis Association. The best entries from the state will be sent to the National Association. A committee of nationally known journalists will review the papers from all over the country and award certificates of merit to the school papers carrying the best material on this year's theme.

This is the second year that students have been offered a choice of subjects, said Katherine M. Murphy, R.N., executive secretary of the Ulster County Tuberculosis and Health Association. "Students are being offered this larger field for the discussion of disease," she added because young people today are coming more and more to realize how interdependent nations are. We want them to realize that a communicable disease may be spread not only from city to city and state to state but from nation to nation, and that the safety of all of us depends on conquering tuberculosis throughout the world."

St. Joseph's Card Party on Nov. 19

Annual Event at the Municipal Auditorium

The annual card party of the parish of St. Joseph's Church will be held on Tuesday evening, November 19 in the municipal auditorium. The Right Rev. Stephen P. Connelly, pastor of St. Joseph's and assistant pastors, the Rev. John D. Simmons and the Rev. John Brown are honorary chairmen with Miss Teresa Brophy, acting as general chairman.

These annual card parties which are sponsored by the societies of the church have been under the capable supervision of Miss Brophy for the past 11 years and have always been a very great success. Arrangements are being made to accommodate players for 200 tables of bridge, pinochle and euchre.

Miss Clare Kelly and Miss Ruth Garrity are co-chairmen of the ticket committee with Mrs. James R. Higley in charge of publicity. Mrs. Thomas F. Crowley and Mrs. Edwin Phelan are co-chairmen of the playing card committee, assisted by Mrs. William Bush, Mrs. Lincoln Crosby, Mrs. John Oliver, Mrs. Harold Wilson, Mrs. Vere Nessel, Mrs. Harley Keator, Mrs. Jack Feye, Mrs. William Kelly, Mrs. Thomas F. Goldrick, Mrs. William O'Connor, Mrs. Charles O'Reilly, Mrs. Clarence Gannon and Mrs. Harold Rakov.

The group of young ladies, who are in charge of tables is composed of the Misses Margaret Feye and Elizabeth Dwyer acting as captains, assisted by the Misses Joan Byrne, Barbara Bonestelle, Joan Cahill, June Congilio, Roberta Carter, Ann Dwyer, Betty Dolan, Marie Davis, Marion Flaherty, Betty Ann Flynn, Patricia Martin, Merrill O'Connor, Carol Perry, Catherine Roach, Margie Roos, Mary Louise Smith, Joan Strable, Bernadette Staab, Agnes Thurn and Patricia Zacheo.

The award committee is composed of Mrs. Martin Wynn and

Mrs. Arthur Ballard, co-chairmen, assisted by Mrs. Allen Baker, Mrs. Gertrude Birmingham, Miss Stella Brophy, Mrs. Edward Barrett, Miss Elizabeth Beichert, Miss Catharine Bailey, Mrs. Thomas Connelly, Mrs. John Cashin, Miss Claire Conway, Mrs. Albert Cook, Mrs. Edwin Cowdrey, Mrs. Andrew J. economically backward areas. . . . "For our present disastrous labor relations I have no disposition to allocate the blame. But I do say with every conviction that is within me—we must find a way of settling our labor disputes without the disastrous strikes which bring about world starvation in a broader sense than the mere withholding of food."

Meyer said the World Bank was "created and organized on the assumption that America, even after the pressures of war, would maintain a high level of production," and added:

"Our failure to produce . . . as rapidly as was expected has now created a bottleneck of serious proportions."

Young Truck Driver Victim Of Gunmen in New York

New York, Nov. 7 (AP)—A gang of unidentified assassins fired a fusillade of shots in the hallway of a Manhattan apartment building last night, fatally wounding a 26-year-old truck driver and wounding a friend who was shot in the arm. The victim, a friend of a friend's apartment and dropped dead at the feet of his wife.

Police said the dead man was Gerard De Stefano, shot in the shoulder and back on a staircase leading to his third floor apartment. He lived long enough to reach the first floor apartment where his wife, Mildred, and his

four-year-old daughter, Stella, were visiting.

Homicide investigators said they were working on the theory that De Stefano's death possibly was connected with the Sunday morning machine gunning two months ago on a Broadway street corner of Vito Grecco and Rosario Amico. Grecco was killed and Amico is still in a serious condition at Gouverneur Hospital with a bullet in the spine. Police have not announced any motive in the case but Grecco was said to be a friend of De Stefano.

Police believed the young truck driver was shot down by three and possibly four men, who fired six shots. More than 40 persons heard the shots, the sound of running footsteps and the slam of a

car door as the killers made their escape.

Police said De Stefano once was convicted of burglary and at the time of the shooting had just returned home after attending a meeting of Local 27 of the A.F.L. International Brotherhood of Teamsters, of which he was a member.

The Jersey cow was imported into the United States in 1815 from the Island of Jersey.

Illegal Strike Won
Store employees staged a strict- ly illegal strike in Guadalajara, Mexico, and won it. Workers in all stores, large and small, simply quit work without notice through the Labor Board and refused to let stores open until a general 25 per cent pay increase was agreed to.

The World Today

By J. M. ROBERTS, JR.
AP Foreign Affairs Analyst

Every time Stalin varies his routine, as he did yesterday by letting Andre Zhdanov occupy the rostrum usually reserved for the Premier on the eve of the anniversary of the Bolshevik Revolution, it stirs speculation abroad. You can hear rumors that he is dead, that he is retiring and that his substitute has been chosen as his successor, that he is en route to the United States to confer with Truman, or that his 180-or-90-

odd million non-party subjects are in revolt. A little later you are likely to hear that he was home wielding a sulfa spray on a sore throat like an ordinary human. But the appearance of Zhdanov yesterday, talking like most any is on a "mad" against capitalism, serves to remind that there are two stars in the Soviet sky which seem to be traveling converging orbits around the master's chair. Zhdanov has been considered for six years as a fair-haired boy and, because of his position as well as his flesh, has been referred to as

the "Goering of the Soviet"—the No. 2 man. Starting at 16 after war service in the Czar's army, Zhdanov has been climbing steadily among the Communists until now, at 50, he is a member of the powerful Politbureau, secretary of the Central Executive Committee of the party, chairman of the Foreign Affairs Commission where for years he has played a major role in mapping foreign policy, and head of the Propaganda Bureau. He is a national hero as the "defender of Leningrad," and the 1939-40 war against Finland to secure the strategic position which later kept the Germans out of northeast Russia was peculiarly "his" war in planning and organization. He is known as a determined nationalist, looking at every problem strictly from the standpoint of what is to Russia's

interest. In this respect his description is almost a carbon copy of Stalin's.

Malenkov Other Star

The other star among the generalissimo's younger satellites is Georgi Maximilianovich Malenkov, 45, who has just been shifted from the legislative to the executive branch of the government—from the presidium of the Supreme Soviet to vice chairman of the Council of Ministers. He, too, served in the Red Army after World War I, held increasingly important party organizing jobs, was for some years Stalin's personal secretary, a member of the party's Central Executive Committee and a member of the State Committee for Defense during the recent war, gaining the Order of Lenin for his work on plane production and being elevated to the Politbureau.

He is credited with being more actively revolutionary than Zhdanov, the type which would be likely to take a greater interest in a revived communist. Careful observers have described Malenkov as "one of the most dangerous men in Russia" from the standpoint of those who wish to see the Soviet curb its expansionist tendencies. The inner workings of Soviet politics are not for the foreign observer to know. Master politicians like masters in other fields have been known to play their young hopefuls off against each other for their own purposes and then leave them all at the post in the final heat. But if, on that day when it is no longer merely a sore throat for the Master, if Zhdanov clashes with the horizon-eying Malenkov for the scepter, the fur is going to fly in Russia.

Political Question In Connecticut Is Baldwin Situation

Hartford, Conn., Nov. 7 (AP)—The big question remaining from the Connecticut election—when will Governor Raymond E. Baldwin (R) assume his new duties as U. S. senator?—was due for an answer today.

The governor said he would announce something during the day his plans for taking over the senatorship, won Tuesday when Republicans also captured complete control of the state government.

and made a clean sweep of Connecticut's six house seats. He was elected for both the unexpired portion of the term of the late Senator Francis T. Maloney (D) and for a full six-year term beginning January 3. The seat was held until Election Day by Admiral Thomas C. Hart (R), under gubernatorial appointment. Baldwin's term as governor does not expire until January 8, and he must resign to become senator since federal law prevents one man from holding both a state and a federal office. When he does, Lieutenant Governor Wilbert Snow, defeated Democratic candidate for governor, will become governor anyway—for whatever time elapses between the effective date of the resignation and January 8 when Dr. James L. McConaughy, the

Republican governor-elect, is inaugurated. Political observers expected the governor to delay his resignation as long as possible.

Ship Reports Distress

Halifax, Nov. 7 (AP)—The naval dockyard reported today interception of a signal from the 3,000-ton freighter Empire Valour saying her deck cargo had been washed away and she was in a sinking condition 800 miles east of Cape Race, Nfld. The Manchester Exporter was reported to be in the area and speeding to her assistance.

Heat may rot rubber and weaken leather. Hot attics are poor places to store winter overcoats, rubbers and leather shoes.

COMEDIAN HERB SHRINER

Canadian, raconteur, philosopher, and harmonica wizard—that's Herb Shriner, the Wabashville Humorist, one of the fast-rising comedians in the entertainment world. Herb will appear at the annual ball of Kingston Post, American Legion on Monday night, November 11, at the municipal auditorium.

Herb hasn't been around lately. He's spent the past two and a half years with Uncle Sam, a period of time that included 20 months overseas. He's back in multi now, ready to resume his promising career while his uniform hangs in the closet decorated with five bars, to start on his European campaign ribbon.

Herb's small town background has perhaps been the biggest influential factor in his success. It's taught him to look at life in an easy-going and open manner and has proved to be the perfect setting for his hometown witticisms and sure-fire fireside humor.

Herb was born in Toledo, Ohio, but soon moved to Fort Wayne, Indiana, with the family. He learned to play a harmonica as soon as he was old enough to hold one, and soon was an expert performer. Herb started in football and baseball at school and also inaugurated the first harmonica band that the school ever had. It scored an instantaneous hit and was in demand at local dances and the Fort Wayne radio station. Upon graduation, he took the band on tour throughout Indiana, scoring heavily wherever he appeared. It was on this tour that Herb began to build up his home-spun comedy act.

When the band broke up, Herb Shriner decided to see a bit of the world. He left for Australia in 1939, playing theatre dates in the "down-under" continent. He returned home and scored instantaneous successes in such theatres as the Roxy in New York, the Oriental in Chicago, the Golden Gate in San Francisco and many others.

Herb proved to be a shot in the arm to audiences a bit tired of "rapid-fire" comedians. His slow, bashful mixtures of comedy and philosophy caught on immediately. Radio, bowing to the public, signed him. He appeared for many weeks on the Camel program before entering into service.

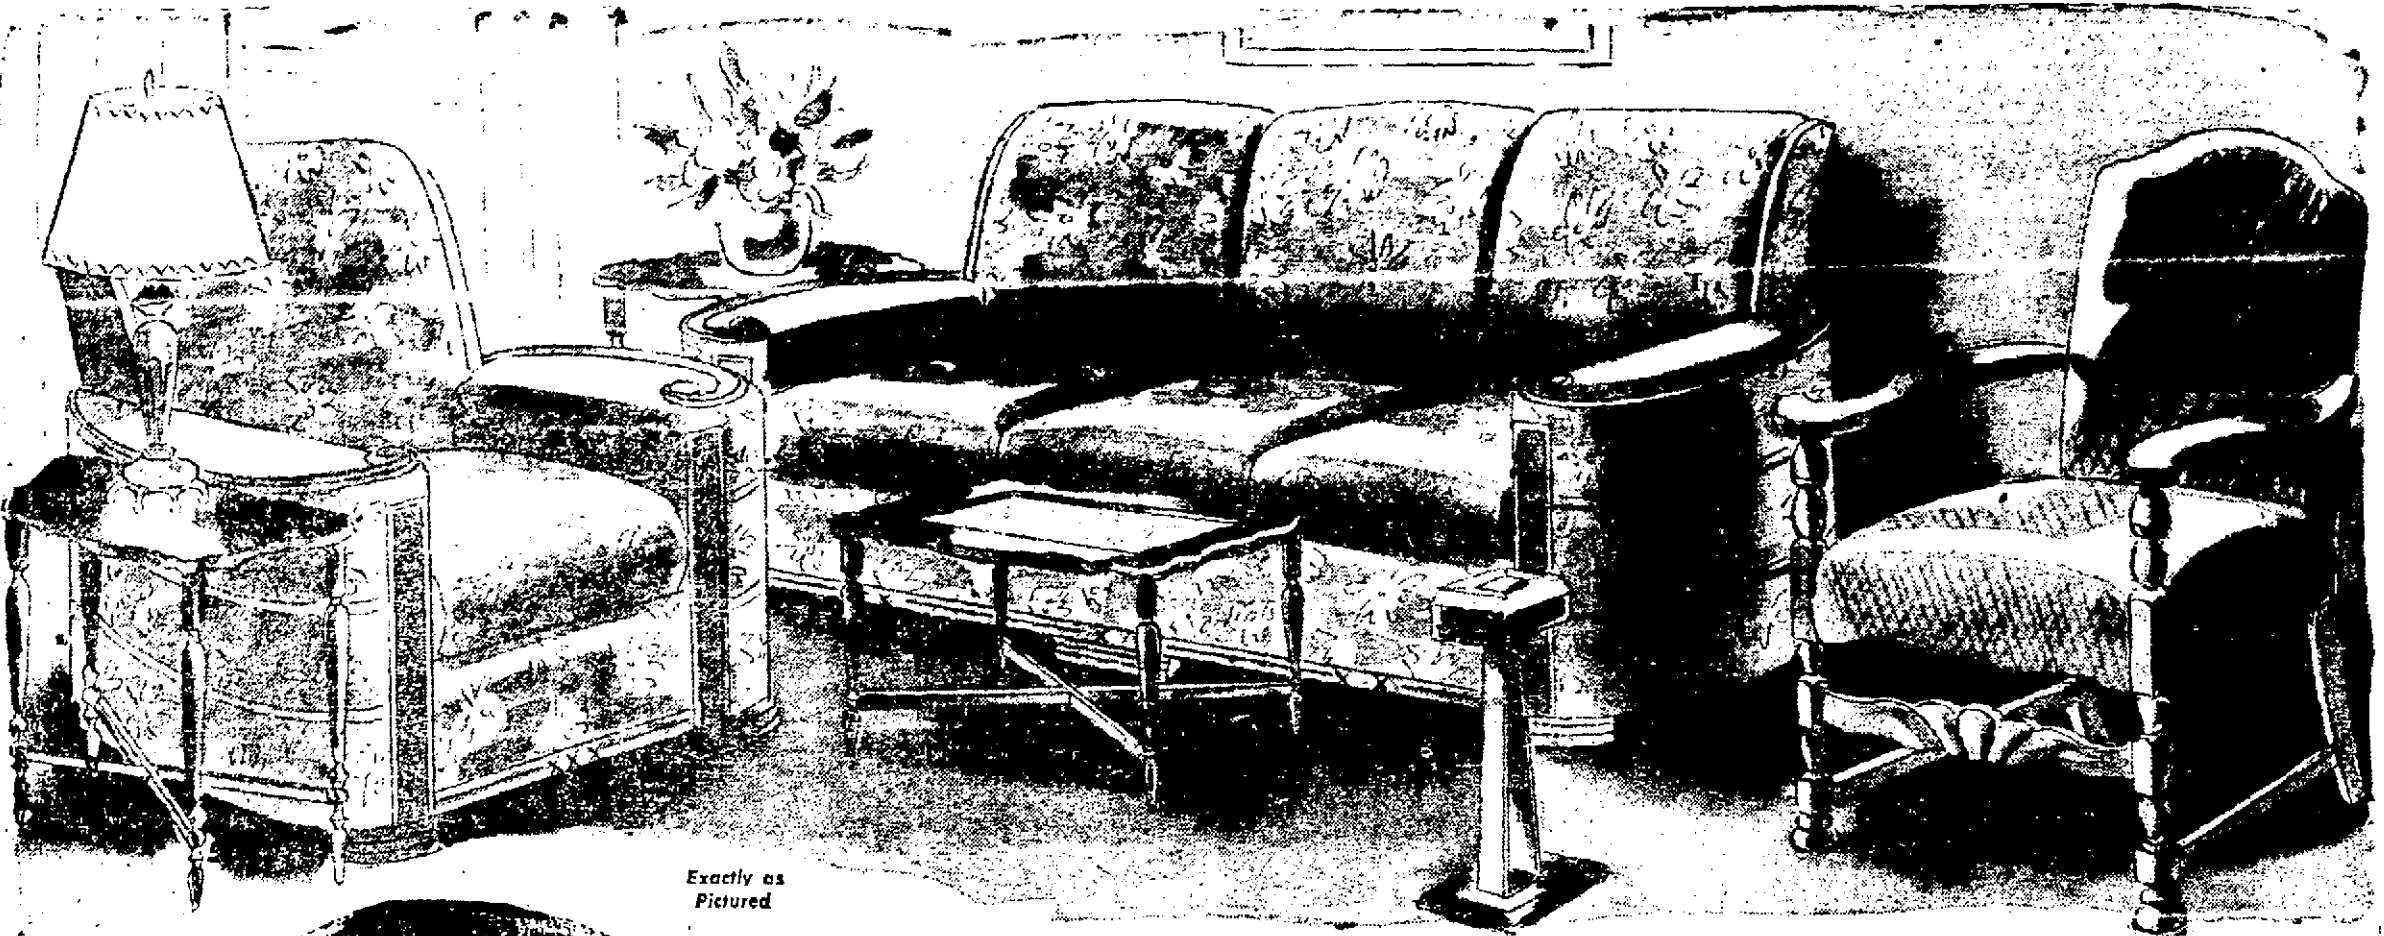

Herb Shriner was the recipient of a great compliment when a newspaper reviewer stated, "Herb Shriner is the nearest thing to Will Rogers that I've ever seen."

The was used by the pharaohs to have steps leading to each day in their ancient palace at el Kan-tir.

Music Festival Concert Program Here Saturday

Music Students From 39
Schools in the Eastern
Part of State to Come
for Festival

Kingston High School will be host this weekend for the first time in its history at a Sectional All-State Music Festival when more than 450 students will participate. Four guest conductors will lead the four ensembles in the concert after working with the students at the preliminary rehearsals. Elmer H. Hintz, director of music in Hartford, Conn., will direct the Girls' choir; Helen M. Hosmer, director of Crane Institute of Potsdam State Teachers' College, Mix-dam State Teachers' College, noted Norwegian symphonic conductor, Norchestrer Frederick Fennell, band director Eastman School of Music, the band.

The music directors and teachers in each of the schools have been cooperating in arranging for the festival by rehearsing the sections in the various schools before coming to the festival. Leonard Stine, music supervisor in the Kingston schools, is chairman and host of the festival.

Many of the students will be staying over night in Kingston and accommodations are being made for them in homes in the city and immediate vicinity. Not all will be working for the students since a dance is planned for Friday evening at the gymnasium in the Myron J. Michael School.

The public will be admitted to the concert Saturday night which begins at 8 o'clock but tickets must be reserved in advance. Tickets will be on sale in the front corridor of the high school at 9:30 a. m. Friday.

The program for the concert, the guest conductor, and execu-

tive committee for each group is as follows:

Dead Candidate Is Landslide Winner

Richland, Wash., Nov. 7 (AP)—The Republican landslide carried a dead candidate to victory. Thad Grosscup, Republican candidate for county commissioner in this atomic bomb project community, died of a heart ailment a few hours before voting began.

Election officials hastily ruled to allow voting for the office to proceed and to appoint a Republican to the commission if Democrat Max Walton was defeated. Tabulations today showed that the dead man had won.

Hunter Kills Bobcat Weighing 38 Pounds

Saranac Lake, N. Y., Nov. 7 (AP)—A 38-pound bobcat, reputedly one of the largest ever shot in this section of the Adirondacks, is on display here along with another entry for the Trudeau big buck contest.

The cat was killed by Leith Dickie of Saranac Lake with one shot after it caught its prey in a tree.

The Trudeau entry was a 17-pound buck with nine points, brought in by Hubert Stevens of East Rochester.

Three Soldiers Injured
Jerusalem, Nov. 7 (AP)—Three British soldiers were injured early today when a land mine exploded under a troop train on route from Egypt to Haifa, derailing three coaches. The engine and five other cars were undamaged. The incident, near Lydda, was the fourth attack upon trains in Palestine within 10 days.

Foreign Christmas Bulbs
Washington, Nov. 7 (AP)—The Reconstruction Finance Corporation has announced that 1,250,000 Japanese Christmas tree light bulbs have been imported for sale to dealers through its subsidiary, the U. S. Commercial Company. The agency previously had announced that Christmas bulbs would be brought in from both Japan and Germany and placed on exhibit for dealers in New York showrooms.

Book Dealer Dies
New York, Nov. 7 (AP)—Gabriel Wells, 85, noted dealer in rare books, died yesterday at his home.

Wells had dealt in rare books for 40 years here and in London. He was a familiar figure at auctions at which rare literary items were sold and paid high prices for his purchases. On his 68th birthday Wells paid \$68,000 for Shelley's own copy of "Queen Mab" at an auction. On another occasion he bought a Gutenberg Bible and through the years sold individual pages of the book, which was an incomplete copy, for about \$300 a leaf.

President to Meet Molotov at Capital

Truman Has Head Cold, Cancels Other Meetings

Washington, Nov. 7 (AP)—President Truman, suffering from a head cold, canceled all appointments today except an afternoon (4 p. m. E.S.T.) meeting with Russian Foreign Minister Molotov. The Chief Executive, who picked up the cold on his trip to Missouri to vote, stayed in the presidential part of the White House. Presidential Press Secretary Charles G. Ross told newsmen that Gen. Wallace Graham, the President's physician, advised Mr. Truman "to stay over to the house today." Ross added that the cold "is nothing serious." Mr. Truman will go to his office

to greet Molotov. The Russian diplomat's visit was described as a "courtesy call." Molotov, who has been attending the Foreign Ministers Council meeting in New York, will be accompanied to the executive mansion by Under Secretary of State Dean Acheson and Russian Ambassador Nikolai V. Novikov. The Foreign Ministers meeting is in recess today and Molotov arranged to come to Washington to join in an embassy observance of the anniversary of the Russian Revolution. His party was listed as the President's only visitors for the day.

Costa Rica Dooms Pests
Costa Rican scientists have developed a new insecticide—"Se-fural 80-30"—from a plant known there as coyolillo and in the United States as "nut grass." San Jose reports. It is said to be effective against many insect pests and particularly grasshoppers.

Two Men Are Held Without Bail on Charges of Arson

Both Are Listed on Union Ballot as Candidates for Union Offices of Patrolmen

Baltimore, Nov. 7 (AP)—Two men listed on a Seafarers' International Union ballot as candidates for minor offices were held without bail on murder and arson charges today in connection with a fire which swept a waterfront rooming house a week ago and killed five Latin-American seamen.

The charges were in the form of Baltimore grand jury presentments against Walter Haas, 33, and John Hatgimiosis, 28. William Reitz, port agent for the S.I.U., said Haas was a picket leader for the union during its recent strike.

Both Haas and Hatgimiosis are listed as candidates for "patrolman" on a ballot now being voted upon by union members.

The grand jury returned presentments—a formality leading to voting of indictments—after hearing testimony by members of a special police and fire squad named to run down the cause of the explosion and fire last Thursday morning.

It burned out a rooming house operated by Jesse Rodriguez, who identified himself to police as a hiring agent for Panamanian Steamship Lines. Battalion Chief Thomas Heagerty recovered two metal cans from the debris. He said examination showed they had contained inflammable liquids.

Turned over to the F.B.I. for examination were two red-penciled notes, one of which was attached to a wrench that shattered Rodriguez' window a week before the fire. It warned him to "stop rooming finks in your house." The other note, with a similar message, was tossed into a tavern around the corner.

Dispatch Says Britain Leads Race for Uranium

London, Nov. 7 (AP)—The Daily Herald published today a Washington dispatch saying that Britain was leading a "six-nation race for uranium" in the Antarctic but noted that evidence of the presence of atomic energy from that source had been discounted here.

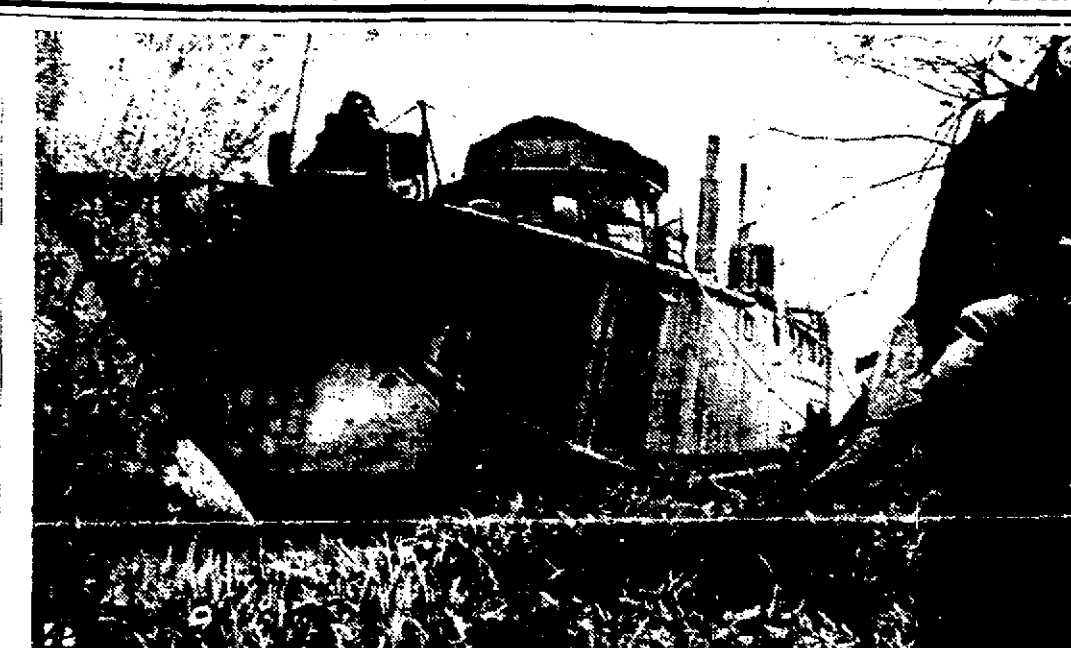

The paper quoted Prof. Frank Debenham of Cambridge as saying a survey mentioned in the Washington dispatch "refers only sketchily to the possibility of uranium."

formerly was head of the British Polar Research Institute. The survey referred to was made by Sir Douglas Mawson, Australian explorer, and described partly explored south polar regions as resembling uranium-bearing areas of Canada.

The Herald said that a 30-man British expedition first sent out in 1943 was "firmly established" at Marguerite Bay, due south of Cape Horn, Admiral Byrd's old base, while the United States, Russia, Norway, Argentina and Chile were reported planning efforts to overtake this lead in the search for uranium.

The British Group reportedly was scheduled to be relieved by a fresh group of young scientists expected to leave England soon in a 300-ton wooden ship, the "Trespass."

About 10,180,000 books were shipped to colleges in the United States during the 1945-46 school year.

Top Questions in Coal Crisis Center Around Government's Plans and What Lewis May Do

Washington, Nov. 7 (AP)—The administration and the United Mine Workers, both well aware of strong Republican support for legislative strike curbs, pitched into the critical coal situation anew today.

The top questions were: Would the G.O.P. election victory change the government's plans for coping with the impending strike? Would it make John L. Lewis think twice before calling an end to the strike?

Some administrative lawyers sided with Lewis at least before the election, although Secretary of Labor J. A. Krug has steadfastly insisted that the present agreement covers the duration of the strike.

With the Republicans due to take over control when Congress reconvenes January 3, the dilemma posed by Lewis and his miners to parliament importance in the field of labor relations.

Some labor leaders freely predicted an attempt to write stringent strike-control legislation, particularly those relating to walk-outs.

So far, the United Mine Workers' chief has stood pat on his challenge to the government, insisting that he has the right to open the current union-government pact to seek higher wages and other changes. Otherwise, he declared, the contract will be "void."

Election Results May Cut Power Of Labor Interests

Absence of Pro-Labor Men in Congress May Mean Reverses for Unions

Washington, Nov. 7 (AP)—The Republican election landslide cut heavily into the legislative ranks which organized labor long has looked to for sympathetic consideration of its views.

Defeat of some pro-labor lawmakers, coupled with direct expressions of voters at the ballot boxes, emphasizes the possibility that the new Congress may pass measures restricting some of labor's present powers.

Voters in Nebraska, South Dakota and Arizona approved constitutional amendments to outlaw the closed shop in Massachusetts, a referendum endorsed a proposal to require that unions make public their finances.

The election took from the Senate staunch supporters of labor as Democratic Senators James M. Tamm of Delaware, Joseph P. Guffey of Pennsylvania, Hugh B. Mitchell of Washington and James W. Huffman of Ohio.

Another of those beaten is Senator David I. Walsh of Massachusetts who usually backs labor's cause. He was co-author of the Wagner-Hoey Act which set labor standards on government contracts and was a forerunner of the National Labor Standards Law.

Also absent from the new Senate will be James M. Mead of New York who chose to run for governor of his state and was beaten by Gov. Thomas E. Dewey. He had been identified with what some senators call the "labor bloc."

House members generally receptive to labor's ideas who lost out include Reps. Delacy of Washington, Frank E. Hook of Michigan, Michael J. Bradley of Pennsylvania, Andrew J. Biemiller of Wisconsin and M. M. Neely of West Virginia.

For the last several years, the Senate has been the body, however, where unions counted most confidently on blocking legislative proposals they disliked.

Frequently Republicans and southern Democrats in the House have approved labor legislation only to have it die in the Senate Labor Committee where Senator James E. Murray of Montana is chairman and Senator Claude Pepper of Florida an influential member. Guffey and Tamm have been members of the committee.

When the House passed the Case Strike Control Bill last session, the Senate Committee pulled out its "teeth." Republican Senators Taft of Ohio and Ball of Minnesota led a fight on the Senate floor which restored some of them and brought a veto from President Truman.

Last is the ranking Republican on the committee and with the Senate's shift to control by his party could take the chairmanship if he wanted it.

It is generally expected that Taft will prefer, however, to be chairman of the Tax-Writing Finance Committee. In that event, Senator George D. Aiken of Vermont is in line to head the Labor Committee.

Aiken is classed by New Deal senators as a "liberal" and often has voted with them on labor matters.

Archbishop Would Cut Church-Parliament Ties

Liverpool, Nov. 7 (AP)—Doctor C. E. Garbett, Archbishop of York, proposed today freeing the Church of England from government controls, because Parliament "no longer consists of churchmen."

With the growth of the totalitarian state, he told the Liverpool Diocesan Conference, "it is possible that in the future only those would be chosen for ecclesiastical posts who supported the government of the day."

Doctor Garbett said "freedom of the church was precarious," and added:

"The House of Commons has neither the time nor the wish to deal with the worship of the church. Some method must therefore be found to enable changes to be made in the royal assent without debates in Parliament."

West Virginia Voters Await Senatorial Count

Charleston, W. Va., Nov. 7 (AP)—A period of watchful waiting began for Democratic and Republican party leaders in West Virginia today as an aftermath of ballot counting which showed U. S. Senator Harley M. Kilgore leading by only 300 votes in his bid for a second term.

The Beckley Democrat, on the basis of the unofficial returns of Tuesday's election, was ahead of Republican Senatorial Nominee Thomas B. Sweney of Wheeling by 177 votes to 268,258 in 2,786 of the state's 2,799 precincts.

The count in some of the more important precincts will not be available until the official canvass because the tally sheets were sealed in the ballot boxes.

U. A. Approves Leave Bonds For Insurance Payments

Washington, Nov. 7 (AP)—The Veterans Administration has formally approved the use of terminal leave bonds for payments on national life insurance.

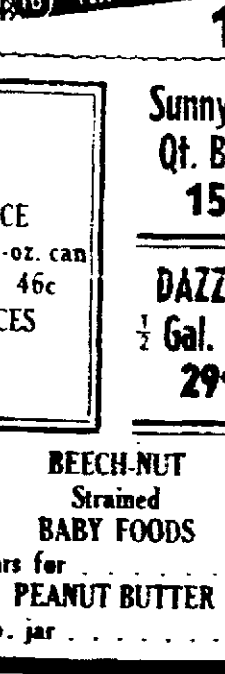

"That practice has been followed all along, but now it has been made official," a V. A. spokesman said after the formal order had been published in the Federal Register.

The regulation approves the acceptance of terminal leave bonds in payment for premiums on existing government insurance or on new policies, and in payment of the difference in reserve when converting term insurance, or when changing from one converted plan to another having a higher reserve value.

Leave bonds also may be used in payment of policy loans made before July 31, 1946.

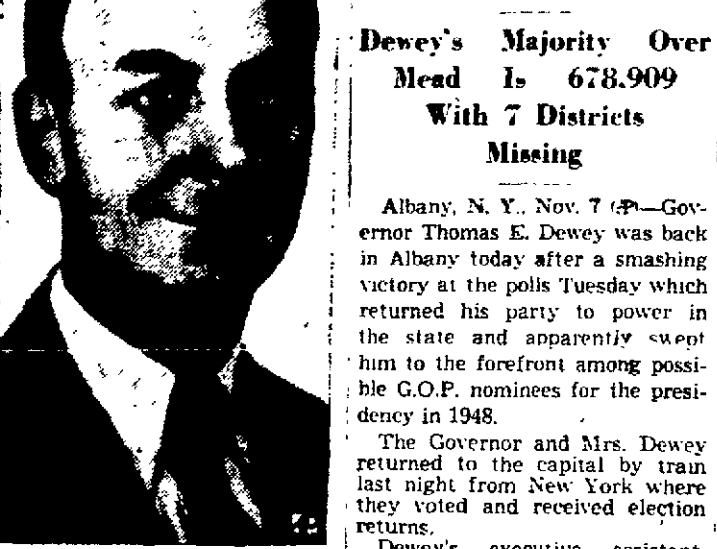

The veteran who presents the bond, the V. A. ruled, will be credited with an amount equal to the principal of the bond plus interest accruing to the end of the month. Any balance remaining from the bond will be credited to the veteran's account for payment of future premiums, unless the veteran directs that the balance be held to his credit for return in cash on the maturity date of the bond or on his death before maturity. The V. A. cannot make a cash payment of the balance.

Beckley Democrat, on the basis of the unofficial returns of Tuesday's election, was ahead of Republican Senatorial Nominee Thomas B. Sweney of Wheeling by 177 votes to 268,258 in 2,786 of the state's 2,799 precincts.

BEATS TUNNELL Governor Is Back At Capital; May Announce Plans

John J. Williams, (above) a political newcomer running on the Republican ticket, defeated Senator James M. Tamm (D) in Delaware's senatorial race.

Dewey's Majority Over Mead Is 678,909 With 7 Districts Missing

Albany, N. Y., Nov. 7 (AP)—Governor Thomas E. Dewey was back in Albany today after a smashing victory at the polls Tuesday which returned his party to power in the state and apparently swept him to the forefront among possible G.O.P. nominees for the presidency in 1948.

The Governor and Mrs. Dewey returned to the capital by train last night from New York where they voted and received election returns.

Dewey's executive assistant, James C. Hagerty, said the governor would have something to say today on possible plans for a Florida vacation.

Observers based their predictions that Dewey, although defeated by the late President Roosevelt, probably would receive another opportunity for the White House on the unprecedented size of the G.O.P. majority and on the fact that it followed a campaign in which the governor struck repeatedly at national Democratic domestic policies.

A Dewey-for-president in 1948 club already has been organized in Marshall, Texas, by the Harrison County Republican Executive Committee. A telegram announcing the step was sent to Dewey at Albany yesterday.

Mounts Close to 700,000

Dewey's margin over U. S. Senator James M. Mead, coalition candidate for governor, mounted close to the 700,000 mark. With seven of 9,343 districts missing, Dewey had 2,818,713 votes to Mead's 2,139,804, a majority of 678,909.

Irving M. Ives, who takes Mead's Senate seat as the first New York Republican senator in 20 years, maintained his lead of about 250,000 with 36 districts out. Ives had 2,551,840 votes to 2,295,962 for former Governor Herbert H. Lehman.

Dewey, who carried every upstate county except Albany, ran surprisingly well in New York city, long a Democratic stronghold. He picked up 1,179,832 votes to Mead's 1,369,452.

Dewey yesterday visited a Republican worker in critical condition in a New York city hospital as the result of a beating received on the way to a polling place.

The governor, who attacked left wing elements repeatedly during his campaign, took the occasion to declare that "this savage brutal beating by left wingers was done to intimidate others who were working for a free election."

The injured man, Joseph Scottireggio, 42, was a worker for Fred G.P. congressional candidate against Rep. Vito Marcantonio, Democratic-American Labor union leader who was the target of heavy Republican fire in the campaign.

Scottireggio underwent a brain operation last night. He suffered a brain concussion and internal injuries.

Ancram Mills Picketed Today

Paper Concern Says Union Seeks Pay Increase

Ancram, N. Y., Nov. 7 (AP)—The paper mills of this Columbia county community were closed and picketed today in a wage strike of 125 A.F.L. members.

Employees of Ancram Paper Mills manufactures of cigarette and carbon paper, left their jobs yesterday when negotiations broke down.

Ernest B. Lamborn, regional director of the International Brotherhood of Papermakers, said the union was seeking an increase of five cents an hour in the base rate, which is 82 cents for men and 65 for women. Originally, the union asked for a 10-cent rise and other benefits, he added.

Floyd W. Palmer, plant manager, reported that wages had been raised nearly 18 per cent a few months before Local 479 was established last August.

Slovenes Make Protest March on Headquarters

Gorizia, Italy, Nov. 7 (AP)—Thousands of Slovenes streamed into Gorizia from the surrounding countryside today to protest against a request by American military authorities that the Italian-Slovene Anti-Fascist Union vacate its headquarters by tonight.

The building has been used as a center of pro-Yugoslav activities in Venezia Giulia since the war and is alleged by American officers to have housed the German section of an underground Slav government for the area.

A statement by headquarters of the U. S. 88th Division said the building was urgently needed for military requirements, including the accommodation of men of the headquarters company presently housed in inadequate wooden shacks, and for use as a finance office.

The pro-Yugoslav Sindacati Uniti called a general protest strike for today, but it was only 50 percent effective since half of the workers in the area have pro-Italian sympathies.

Dairymen's League Asks Protection for Consumer

New York, Nov. 7 (AP)—Henry H. Rathbun, president of the Dairymen's League Cooperative Association, said today the organization had requested the Federal government to amend the milk marketing order under which the product is sold in New York city.

Rathbun said that "if no action is taken by the government the league will negotiate with dealers to maintain present price levels in order to protect the milk supply for consumers in the Metropolitan area."

The league official said the request had been made to the Department of Agriculture in Washington on behalf of its organization, representing 26,000 dairy farmer-members, and 15 other cooperatives in the New York milkshed.

Rathbun said any drop in milk prices would curtail New York city's milk supplies.

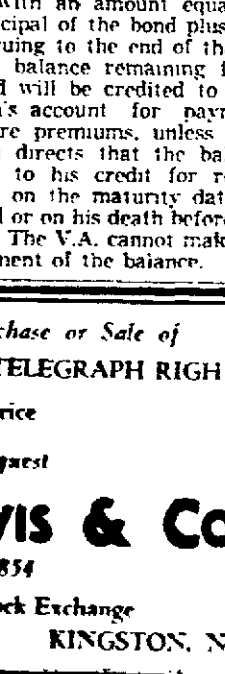

Nun Dies of Burns

Philadelphia, Nov. 7 (AP)—Mother M. Marcelline, mother superior of Our Lady's Star of the Sea Convent at Cape May, N. J., died last night at a hospital here of burns suffered as she lit a candle in the convent chapel. A housekeeper heard her screams and extinguished the flaming clothing.

Vegetarianism came into use about 1847.

Pokepsie Bouts

One of the latest boxing crowds to date at Lincoln Center, Poughkeepsie, is expected for a match in the Bridge City between Carmine Virgilio, former Tony Tarantini, and Dick Talorico, Ultra bantamweight. What promises to be a good supporting card will show Willie Smith, another Poughkeepsie boy, against George Gradenko, lightweight stablemate of Talorico. Starting time is 9 o'clock.

Republican Win May Bring Liberal Lead to Democrats

Atlanta, Nov. 7 (AP)—Governor Ellis Arnall declared today the Republican victory "may have been good for America" because it would force a shakeup in the Democratic party and bring a more liberal leadership which might win the election in 1948.

The Georgia governor, himself regarded as a Democratic liberal, scorned the suggestion of Senator J. William Fulbright (D-Ark.) that President Truman resign after appointing a Republican secretary of state, who would then become president.

"Utterly silly and absurd," exclaimed Arnall. "I would never want my party or the titular head of it to give up a position of leadership by default. The Democratic party had better get busy and salvage what it can from the debacle, and Mr. Truman immediately should prepare for Congress a liberal and constructive program. Then if it is killed the responsibility will be on the Republicans."

Indications Are U. S. Will Send More Grain

London, Nov. 7 (AP)—An authoritative government source said today that American occupation authorities likely would send grain into the British zone of Germany in response to an urgent British appeal.

The British Press Association said Great Britain had decided not to give Germany more food from its ownarder. A winter food famine is threatened in the British occupation zone of Germany.

Air Marshal Sir Sholto Douglas, British commander in Germany, conferred with Prime Minister Attlee and John B. Hynd, chancellor of the Duchy of Lancaster, the cabinet member responsible for the British zone, as the government informant made his prediction.

The government source said the Americans might divert grainships bound for ports serving the U. S. occupation zone or transfer supplies by rail and truck to the British occupation area.

War's Sudden End Turned Nickel's Tangle to Larceny

New York, Nov. 7 (AP)—The sudden end of the war led a trusted employee of the Mergenthaler Linotype Company to cross the line of the law from a minor bookkeeping tangle to larceny involving nearly \$900,000, Assistant District Attorney Julius Helfand declared today.

The former \$100-a-week cashier, William A. Nickel, was held in \$100,000 bail for forgery and grand larceny in Brooklyn Felony Court yesterday, and Helfand said an inquiry unfolded this story: Isadore Rappaport, head of the Ultima Optical Company, now released on \$25,000 bail on the same charges as Nickel, received a substantial sub-contract for war work from the Mergenthaler Company but found himself unable to make payroll payments fast enough to his greatly increased number of workers.

He put Nickel on his own payroll at \$100 a week in return for the cashier's promise to expedite payments for Ultima deliveries. As war production increased, Rappaport had trouble financing purchases and asked Nickel to stretch his ethics by advancing Mergenthaler money without telling the company, still intending

to cover the advances by later payments.

The sudden end of the war in August, 1945, abruptly terminated Rappaport's war contracts, leaving Nickel in the position of having an undisclosed sum still outstanding on his books.

Helfand said that soon after the end of the war Nickel succumbed to the temptation to make out false invoices to cover the balance outstanding and it was then, Helfand added, that he crossed the foul line of the law.

Next, Helfand charged, Nickel forged a check for \$9,200 and asked Rappaport to cash it. Rappaport carried the scheme even further, the attorney said, by bringing in confederates who quickly pushed him out of the picture and the \$900,000 embezzlement scheme began to flower.

Arraigned also on forgery and grand larceny charges and released in \$25,000 bail yesterday were Joseph Milstein, a general merchandise dealer, and Isadore Cohen, known as "Izzy the Eel," a dress manufacturer, whose alleged roles were not outlined in detail by Helfand.

Meanwhile police continued their fishing expedition in a lagoon behind Nickel's Freeport, N. Y., home in a search for check writing apparatus Nickel allegedly threw there before leaving for Miami where he was arrested last week. Yesterday they recovered a metal receipt stamping machine.

Eppes Thanks His Dewey and Ives Political Workers

H. M. Eppes of Accord, chairman of the Ulster County Rural Committee for Dewey and Ives, which conducted a campaign in the rural communities in the interest of the Republican candidates, on Wednesday was loud in his praise for the Ulster county organization. "I had 60 people working in various communities," Mr. Eppes said, "and they did a splendid job. I want to thank each one personally for splendid co-operation." Mr. Eppes asked that his appreciation to all workers be expressed through The Freeman.

Editor Collapses, Dies

Milwaukee, Nov. 7 (AP)—Waldo R. Arnold, managing editor of the Milwaukee Journal and chairman of the Associated Press Managing Editors Association, collapsed and died on a Milwaukee street early today. The 50-year-old executive had been attending a party for 25-year employees at the Journal. His body was taken to the morgue where formal identification was made by Donald Ferguson, president of the Journal company.

V.A. Office Only Place to Apply For Doctor's Aid

In order to clarify certain misunderstandings regarding the new procedure whereby disabled veterans may now go to their own physicians, John A. Porter, contact representative of the Veterans Administration, 286 Fair street, said the V.A. office in Kingston is the only place where such applications for treatment are processed.

"Under new rules of the Veterans Administration," Mr. Porter said, "veterans may now get private medical care from their own doctors for service-connected illnesses and disabilities."

"The procedure for Ulster county and surrounding area veterans is to apply directly to the newly inaugurated U.S. Veterans Administration office, 286 Fair street, Mr. Porter continued, adding that Dr. Sidney Pauker of Kingston, who was recently appointed to the V.A. office is the only person who can authorize and furnish authorization papers to the veterans. Dr. Pauker, he said, can be contacted daily except Wednesday at the V.A. office.

"I would like to emphasize," Mr. Porter stated, "that this office is the only one in town authorized to handle cases of this type."

U. S. Will Retain Military Rights in Japanese Isles

President Offers Areas to U.N. Trusteeship With Reservations for Security

Lake Success, N. Y., Nov. 7 (AP)—The United States made it clear today that she would reserve sweeping rights, especially military, in the Japanese mandated islands which President Truman offered last night to place under United Nations trusteeship.

The U. S. terms for turning the islands—the Marshalls, Carolines and Marianas—over to the U.N. are contained in a draft agreement now being circulated among the 11 members of the Security Council and two other nations, New Zealand and the Philippines.

Disclosure of the terms gave rise to immediate speculation that Russia would almost certainly attack the proposals and might possibly veto them in the Security Council. In the latter event, however, the islands would continue in their present status as occupied enemy territory.

May Be Declared Closed

The draft agreement not only reserves to the United States un-

restricted rights to establish military, naval and air bases within the trust territory, but provides that any or all of the area may be declared closed for security reasons.

This means that the United States would be able to bar U.N. inspection of the entire area if she desired to do so.

Other sweeping provisions of the agreement:

The United States, as the sole administering authority, could bar the aircraft of any other nation from entering the area, which is 1,500 miles long and 800 miles wide and contains approximately 1,500 islands of various sizes.

The United States would reserve the right to give certain economic privileges exclusively to American nations.

The terms of the agreement could not be altered, amended or terminated without the consent of the United States.

The draft agreement was made public as John Foster Dulles, a member of the American delegation, prepared to go before the General Assembly's Trusteeship Committee with a statement of U. S. policy on the eight other draft agreements now awaiting Assembly approval.

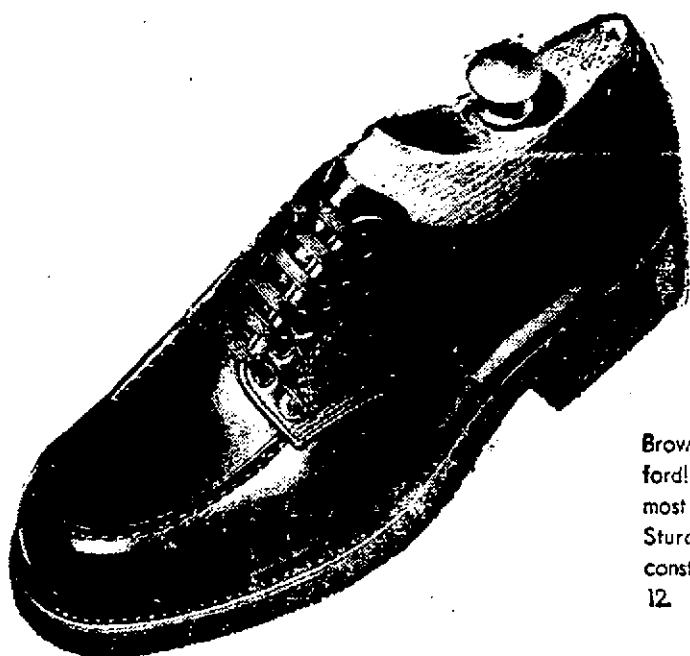

Informed quarters said the U. S. delegation hoped to submit the draft to the Security Council formally in time to get action during the current session of the Assembly.

The first comment on President Truman's statement came from

Warren R. Austin, former Republican senator from Vermont, who is head of the U.S. delegation to the General Assembly. "I believe," he said, "that the American people and their representatives, regardless of party, will welcome the president's announcement and support the policy he stated."

Big Fire Sweeps Three Warehouses

Philadelphia Has 4-Alarm Blaze; Wool Is Lost

Philadelphia, Nov. 7 (AP)—A four alarm fire swept three warehouses in the waterfront district early today, destroying tons of wooden crates and \$250,000 worth of wool before it was brought under control more than two hours after it was discovered.

David Howard, 39, a fireman, was seriously injured when a wall he was scaling, collapsed, hurling him to the ground. He was taken to Jefferson Hospital where physicians said he sustained serious chest injuries.

Searchers continued probing the ruins for others who may have been trapped in the debris. Acting Battalion Chief William Simmler said he believed the blaze started in the four story

brick warehouse from a cigarette discarded among the wooden crates and spread to an adjoining five story wool warehouse and a smaller warehouse.

Within an hour after the four alarms brought scores of men and more than 30 engines to the scene, flames still mounted 60 feet above the buildings, lighting up the waterfront area. Traffic was rerouted during the blaze which showered sparks over the waterfront.

There was no complete estimate of the damage available immediately.

Four New Yorkers Are in Position For Chairmanship

Congressional Regrouping May Change Things; Taber to Head Appropriations

Washington, Nov. 7 (AP)—Tuesday's election, shifting control of congress to Republicans, means that four New Yorkers are in line for House committee chairmanships though congressional reorganization may change the picture.

Three of the committees—appropriations, military and naval—are in the "major" classification but the military and naval groups may be merged under the Congressional Reorganization Act passed by the 79th Congress and the fourth, a relatively minor one, may be abolished.

At the same time, six New York Democrats, who now hold chairmanships of one major and five minor committees, will be definitely out.

Economy-minded John Taber, the veteran Auburn Republican, is slated to head the appropriations committee in succession to Rep. Clarence Cannon (D-Mo.).

Walter Gresham Andrews, Buffalo, will take over the military committee and W. Sterling Cole, Bath, the naval group.

Andrews replaces Rep. Andrew J. May (D-Ky.), who not only loses his chairmanship but lost also in his try for reelection.

Cole takes over from Rep. Carl Vinson (D-Ga.), naval head since December, 1931.

Contains Suggestion

Though the Reorganization Act contains a suggestion for merging the military and naval committees, members of congress freely predict to reporters they will not be changed, and neither will the appropriations set-up.

But, the opinion they give reporters is that the committee on "election of president, vice president and representatives in congress," which Ralph A. Gamble, Larchmont, is eligible to head, will be abolished.

Over in the Senate, New York's Democratic Robert F. Wagner must relinquish the chairmanship of the banking committee he assumed January 8, 1937.

Tobey Probable Successor

His probable successor is Senator Tobey (R-NH). He is listed as "probable" because he is also eligible, under seniority, to choose the chairmanship of the naval group. Senators, and also members of the House, can hold only one chairmanship.

New York's six House Democrats who must relinquish their chairmanships are:

Sol Bloom, New York city, foreign affairs; Dennis J. Moore, Brooklyn, library; Andrew L.

Somers, Brooklyn, mines and mining; Charles A. Buckley, New York city, pensions; Eugene J. Keogh, Brooklyn, revision of laws, and George F. Rogers, Rochester, enrolled bills.

Rogers, like Andy May, was bound to lose. He, too, was defeated for reelection. The five others were re-elected.

The secret of the tone of Stradivari and other old violins is believed to lie in the varnish.

Tsaldaris Government Survives First Test

Athens, Nov. 7 (AP)—The government of Premier Constantinos Tsaldaris survived its first test today by winning a vote of confidence in the Greek parliament after a bitter, all-night debate. The tally was 183 to 128. The 11-hour debate, which con-

tinued until 6 a. m., was touched off by introduction of a resolution demanding that Tsaldaris and his cabinet resign and permit the organization of a coalition government.

Opposition leaders have declined to serve in the recently completed Tsaldaris government, which is dominated by the Populist Party.

There has been little, if any, improvement in violin making in 300 years.

More Than 1,000 to Attend Grand Rapids Assembly

Grand Rapids, Mich., Nov. 7 (AP)—More than 1,000 delegates from 48 states and 14 foreign countries are expected to attend the third biennial assembly of the United Council of Church Women here, November 11-15.

The Council membership in-

cludes women of 72 Protestant denominations.

Almost the entire program of the Assembly will emphasize the urgent need for building international good will and unity, according to Mrs. Harper Sibley, New York, Council president.

Mead Says He'll Check on Housing

Senator Wires Newspaper He Will Have Look

Watertown, N. Y., Nov. 7 (AP)—U. S. Senator James M. Mead (D-N.Y.) has promised to look into a housing situation at Pico Camp, Military Reservation where 75 families have been ordered to leave. Mead last night wired Harold Harshbarger, editor and publisher of the Watertown Daily Times, that he would act in response to requests of Johnson and the housing committee of the Watertown Chamber of Commerce.

Col. John M. England, post commander, said the evictions were necessary because of a cut in maintenance personnel. The order would leave only 40 of 200 camp housing units occupied. The practice of saluting a ship's quarter-deck is attributed to the old Roman custom of paying respect and obeisance to pagan shrines carried on board.

Atomic Knowledge Price Stampede Is Being Cleared Is Anticipated by Grocers' Executive

Scientists Are Studying Released Papers

Washington, Nov. 7 (AP)—Knowledge gained in nearly five years of atomic research and development is beginning to flow through the pipelines of science with secrets of the atom bomb filtered out.

The War Department reported today. Nearly 500 papers, totaling some 2,000,000 words of atomic information, have been cleared through special review machinery of the army's Manhattan project. Since last April a declassification and publications office at Oak Ridge, Tenn., staffed by civilian scientists, has been scrutinizing papers submitted for release. All information cleared must be in document form.

Dunnings Have Son
Hollywood, Nov. 7 (AP)—A six-pound son was born Tuesday night to actress Celeste Holm, wife of Schuyler Dunning, airlines executive. They met overseas where she was in a U.S.O. show and he was an air forces captain. She formerly was married to Army Warrant Officer Francis Emerson Harding Davis, from whom she was divorced in 1945.

Portland, N. Y., Nov. 7 (AP)—A stampede of prices upward will result from an expected divesting of wartime controls by President Truman within the next few days, says the president of the Independent Grocers' Alliance.

J. Frank Grimes of Chicago told an I.G.A. dinner last night that Mr. Truman would not wait for an act of congress but would divest himself of all war powers immediately. He added that plenty of stored sugar would be marketed when price controls were lifted.

Flashes of Life Sketched in Brief

Republican Joy
Portland, Ore., Nov. 7 (AP)—A dejected motorist, appearing before Municipal Judge John E. Seabrook, glumly admitted that he disregarded a traffic signal. The judge, a Republican and visibly in a cheery mood, asked what he thought of the election. The motorist was brief: "I'm a Democrat."

Memories
Dallas, Tex., Nov. 7 (AP)—Mayor Woodell Rodgers, head of a subscription campaign for funds to erect the First Presbyterian Church, received a check for \$3 and letter from Mr. and Mrs. Murray W. Stratton, who had read of the campaign in a Newark, N. J., paper. The Strattons wrote: "We asked ourselves, 'Would we want to see rats in your beautiful church?' we should say not."

Busy Beavers
Dixon, Ill., Nov. 7 (AP)—Farmers in one section of Lee county put in a call for help from the State Department of Conservation after waging a losing fight with six busy beavers.

The beavers first dammed up six drain pipes, laid to carry off excess rainfall. After the farmers unstopped the pipes the beavers moved to another point and dammed an entire drainage ditch and water backed up for a mile. The Conservation Department assigned a crew to trap the beavers after farmers expressed fear

their corn and soybean crops were in danger.

Payroll Tenure Ends
Chicago, Nov. 7 (AP)—John Toman's name, which had been on the payrolls of the city of Chicago or Cook county for 37 years—since he was 13 years old—is to be removed. But Toman, a Democrat who was defeated Tuesday for re-election to the Board of Tax Appeals, still receives a pension from the public library where he was employed for 22 years. Toman has held elective offices for 35 years, serving a Chicago alderman and Cook county sheriff and treasurer.

Two Men Held
Baltimore, Nov. 7 (AP)—Two men were under charges of arson and murder today in connection with an explosion that wrecked a waterfront rooming-house and took the lives of five seamen. The charges were made yesterday in the form of grand jury presentments against Walter Has, 33, and John Hatzimisios, 28. The blast, which occurred last Thursday, also injured three other seamen, still under treatment at the Johns Hopkins Hospital.

Symphony Matches Best In Concert Programs For Community Group

Matching the best in concert entertainment the National Symphony Orchestra, Hans Kindler conducting, triumphed again in Kingston with their concert at Kingston High School Auditorium Wednesday night. The orchestra, making its second appearance here opened the Community Concerts Association series for this season. Sensitive directing, sympathetic following coupled with skilled musicianship and spirit marked the entire concert. There were many young people as well as women playing in different choirs of the orchestra. Dr. Kindler directed without score.

The program was one of the most varied given by a symphony in Kingston. The classics, modern and recent transcriptions were represented. To open, the orchestra played a Concerto Grosso in D Minor by Bach-Vivaldi. It was originally written by Antonio Vivaldi, famous early Italian composer, and later arranged for the organ by Johann Sebastian Bach. Dr. Kindler transcribed the piece for the full orchestra maintaining many of the organ-like qualities of the Bach arrangement. The second (large) movement has a soft flowing line and the last traces the fugue in interesting patterns beginning with the cellos through the strings to the horns. In much the same vein was Haydn's "Symphony No. 98 in G Major." However, this had the four movements, the first (adagio) showing a fine play on the strings and the lively folk dance tunes in the third and final portions of the symphony.

The first part of the concert ended with Two Etudes by Scriabin, quite different, the first containing full round richness of tones in the melody; the second marked by clashing rhythms and harmonies. The arrangements were made recently by LaSalle Spier from piano compositions. So popular was the playing of this portion of the program, the audience demanded an encore and the orchestra repeated the second of the etudes.

Coming to the modern composer Dr. Kindler chose excerpts from the ballet, "Gayaneh" by Aram Khachaturian, an Armenian. This ballet was composed in 1941 and was played in America last fall by the New York Philharmonic Symphony. Much of the music has a decided modern flair. Especially was this true in the Dance with the Sabres as the weird melody tones broke against the rhythms of the fiery dance. The Lullaby excerpts brought out the solo instruments of oboe, harp and flute. In closing the orchestra played two popular concert selections. The beautiful soft shadings which this orchestra has perfected were featured in Wagner's "Aurora." Another Wagner number, Prelude to Act I, Die Meistersinger von Nurnberg brought the concert to a close.

Called back to the stage many times Dr. Kindler and his musicians finally consented to play as encore the wedding procession music from "Marriage of Figaro," by Mozart. Loud applause again greeted the orchestra, but Dr. Kindler explained that the orchestra was obliged to leave in order to make the trip to Newburgh last night.

West Camp Church Honors Service Folk At Banquet Program

St. Paul's Lutheran Church of West Camp was host to its returned service men and women and their families Wednesday evening, October 30, at a banquet in the parish hall. There were about 200 persons present. Mervin Potts, who was chairman of arrangements, was toastmaster. Group singing of old time songs, humorous songs, and hymns was led by the Rev. W. Alfred Wietz, pastor of Second Lutheran Church, Schenectady, who was also the guest speaker.

The Rev. Mr. Wietz challenged the returned service men and women to perform their present and future tasks in the church and community as they performed their task in the armed forces. He also emphasized the need of Christian leadership and effort in the present world situation. The Rev. LaRoy S. Deitrich, pastor of St. Paul's Church, spoke briefly of the bond between himself and those who served and their families, recalling that many of the service men had been boys of 6 to 10 years of age when he became their pastor. He also urged them to continue to be the strong right arm of the church, serving Christ through-out the world. A social hour followed the meal. Music was furnished by a group from the music department of Catskill High School. The committee of the church council who had charge of the

arrangements consisted of Mervin Potts, Herman Knaust, and Nelson Burhans, Sr.

Zena Country Club Has New Music Equipment for Dances

The arrival of a new combination radio-record player at the Zena Country Club was celebrated by the members with a spaghetti supper preceding the regular business meeting Friday evening. HOSTESS BETTER DRESSED

A reader writes: "I have often noticed that the hostess is a good deal more dressed than her guests. To settle a discussion, will you tell me whether this is right or wrong?"

To this I must answer that appearances may be confusing. Actually she should be less elaborately dressed than her guests; fewer jewels and less handsome dress. On the other hand, a hostess' dress is long and is very often more formal in type than simple clothes that many people wear in this present day.

An Unusual Wedding Present

Dear Mrs. Post: Several weeks ago my mother and I gave six very expensive cakes of soap to a bride and groom. As we were in their town for only a short time, we gave the box to the groom at the wedding. He told us that he had never received a word of thanks from his wife. Don't you think we should have? Another friend thinks that perhaps our giving soap was considered an insult.

Use of Inherited Initials

Dear Mrs. Post: I have inherited a dozen beautiful dinner plates from a relative. They have her monogram on them in gold in the center of the plate. This monogram is nothing like mine. Will you tell me whether it would be correct to use these plates, so marked, with my own things.

Answer: Certainly, if you like them!

Bandits Steal Clothes

Strip-tease bandits are Paris' latest answer to the clothing shortage. Recently, a man and a woman burglar stripped a 20-year-old girl in her home and left her naked, taking all her other clothes as well. A barber was held up at night under a bridge, stripped and left naked by armed men.

College Club Hears Of Indian Customs from Miss Yellowrobe

Miss Yellowrobe, full-blooded Sioux Indian, grand niece of Chief Sitting Bull addressed the Kingston College Women's Club Tuesday evening at its regular meeting at the First Dutch Church House. Miss Yellowrobe, a graduate of Mt. Holyoke College is now a member of the English faculty at Vassar College.

In her discussion, the speaker told of various tribal customs, the home life of the plains Indians and the transition that these people are making in adapting themselves to modern civilization. She also spoke of the origin of the American Indian. She said that it is generally believed that they crossed from Asia to North America by way of the Bering Sea and Alaska. Although the Indians formed three great empires, the Aztec, Maya and Inca, those residing within the boundaries of the United States led a more primitive life and never reached the high state of organization and civilization of those in the Latin American areas.

Miss Yellowrobe stressed that great emphasis was laid upon the spoken language, since the Indians did not have a written language. For that reason the Indian orator was a man of almost unlimited influence in the tribe. Many of the Indians were gifted speakers and in illustration of this fact the speaker gave selections from several great speeches by the chiefs of the Sioux.

The speaker also told of the fine record of achievement that the Indians had made in both World War 1 and World War 2. "Proportionally more Indians served in World War 2 than any other racial group," she said.

During the business session seven new members were voted into the club. They are Miss Clara B. Kelley, B.A., Marywood College; Miss Audria Stinger, B.A., Maryville College; Miss Ethel Roberts, M.A., Yale University; Mrs. Donald Williams, A.B., Otterbein College; Mrs. George James, B.S., New York University; Mrs. John McCullough, B.S., Russell Sage College and Miss Hazel A. Metcalf, B.A., Mt. Holyoke College.

During the business session plans were completed for the Vincent Sheehan lecture Monday evening, November 18. The lecture will be held at the Kingston High School Auditorium and tickets may be secured from any member of the club.

N.F.A. Defending Champs of Class A Division; Class B and C Events Also Scheduled

With an open date coming up on the regular state of the Hudson Valley Semi-Pro Football League, Manager Larry Glennon has booked the Jersey City Anchor Club for an exhibition game at municipal stadium Sunday afternoon with the Kingston Athletic Association gridders.

Glennon, former high school football player, was in high spirits this morning when he dropped in at the Freeman sports department to announce the opponent for Sunday's contest. "The Anchor Club has been meeting with a lot of success this year," Larry commented, "and our team is expecting a stiff battle."

Kingston, although dropping a 25 to 20 decision to the Middletown Blue Devils last Sunday at the uptown ball park, appeared the strongest yet this season and should be ready for the invasion of the Skeeter State eleven which boasts of several star high school and college players.

Coach "Mitt" Corlin of the Anchor Club, in a communication to Glennon, wrote "We're making a tour of the Hudson Valley League cities and despite a defeat at the hands of the Walden Red Tigers last Sunday, we're confident of a win up in Kingston."

Walden defeated the K.A.A. team earlier in the season by 6 to 0. The Jersey City club will take the field Sunday afternoon with Buddy Dumbler and Frank Vranam at the flank positions; Stan Sininski and Buddy Iacuzzi, tackles; George Flynn and Dennis Crowley, guards; and Charlie Bratten, center. Topped by Sininski, big 215-pound tackle and Crowley, a 205-pound guard, the Jersey City club has a line averaging 190 pounds.

The backfield Joe Ciercerski will be at quarter. Al Tortora, former Catawba College star at left half, like Van Filippo, right half and Junior Von Doehren, at full back. The secondary has a 181-average group but the backs are speedy and shifty, especially Tortora who played with Catawba for two years.

Coach Conlon who was chosen at State after playing with Dickinson High School later starred with the varsity football team at the varsity level for four years. He has coached the varsity football team at Hawthorne High School in Jersey. Following his discharge as a lieutenant in the navy, Conlon was signed to coach Demarest High School in Hoboken.

Conlon's number one aide is Bill Breving, All-State player with St. Peter's Prep while in school. He may play Sunday.

Judging from last Sunday's crowd at the stadium, this week's contest is expected to draw a much better turnout. The K.A.A. gridders, showing a vastly improved club, nearly upset Middletown with Jackie Ruzzo, Jack Gill and several others playing stand-out ball.

National League Cage Season Opens Tonight

Toledo, O., Nov. 7 (AP)—Bidding for a top spot in the budding era of post-war sportsdom, the National Basketball League opens its 1946-47 season tonight with a single game between the Syracuse Nationals and the Toledo Jeeps at the University of Toledo Field House.

Between the first whistle blast and next March 15, the 12 teams

Little Rock Player Leads by Stroke; Turnesa Shoots 70

Pinehurst, N. C., Nov. 7 (AP)—Fifty-one contestants, survivors of an original field of 171 and including most of golf's top professionals, teed off today in the 36-hole finals of the 45th annual North and South Open Golf Tournament with Dutch Harrison of Little Rock, Ark., leading by a stroke.

Harrison posted a four-under-par 68 yesterday for a 36-hole total of 140 on the Country Club's 6,879-yard number two course and a one stroke lead over veteran Mike Turnesa of White Plains, N. Y.

Turnesa shot a 70 to go with his 71 in Tuesday's open round of the \$150,000 event which amateur Cary Middlecott of Memphis, Tenn., captured last year. Middlecott, the only amateur ever to win this tournament, is not defending his title.

Don Hooper, 19, of Washington, diminutive pro from Hershey, Pa., and the leading money winner this year, fired a 71 for the second straight day to hold third place at 142, one stroke in front of three well-known pros: Dick Metz of Arkansas; City, Kans.; Tommy Armour of Delray Beach, Fla.; and Sammy Sneed of Hot Springs, Ark., each of whom had 71 yesterday.

Hogan, who set the 72-hole course record of 271, which is 17 under par, in 1942, was still the choice of the gallery to capture the meet.

Henry Ransom of Ravina, Ill., who doubleclutched with three others for eighth place with 143, registered a hole-in-one on the par three, 186-yard 17th hole. He hit a two-iron to the green, with the ball rolling about six feet into the cup.

Ed Furgat of Pontiac, Mich., was alone in seventh place with 71 yesterday after a 73 the day before.

Tied with Ransom were Ed Oliver of Wilmington, Del.; Ellsworth Vines of Chicago; and George Schoux of Mamaroneck, N. Y. Schoux, one of the younger pros, fired a 69 yesterday for the day's second best effort.

In the professional loop will play a 267-game schedule.

In addition to Syracuse and Toledo, the teams in the league are Chicago, Oshkosh, Buffalo, Detroit, Shelbygan, Indianapolis, Rochester, Youngstown, Anderson and Ft. Wayne.

Syracuse's squad is made up principally of eastern college stars, headed by Les Rotham, former captain of Long Island University's team.

In The Pocket

CHARLIE TIANO
Down through the years the most dazzling tenpin performers in the East and the nation have paraded before Kingston audiences. The list is endless—Joe Falcato, Andy Varipapa, Tony Sparando, Eddie Botten, Marty Cassio, George Young and a host of other satellites. Seldom have they disappointed. You go back over the list and recall many memorable performances.

You remember George Young, the Long Island star, tossing 7-timers at the start of three games with the Brunswick Red Crowns. . . . You recall the big 700 series by Mike Shirghio, Herb Withers, Tony Sparando and this same Young. . . . The brilliant exhibitions by Falcato, Varipapa, Joe Miller, and the enlightening discourses by Billy Shaul, famed Syracuse instructor. You recall the opening night of the Central Recreations when Fisher Body of Tarrytown shot 3100 on alleys that were still coated with oil.

Other big names. . . . Junior McKinnon, currently the pride of the Chicago Classic, Sid Baum, Nick Zazzali, Shadow D'Angelo. . . . They are top artists in a sport enjoyed by 17,000,000 Americans and they have been in Kingston more than often.

Another exhibition season is descending upon it. It opens officially Sunday afternoon when a local all-star female aggregation rolls against Newburgh at the Central Recs. . . . Other attractions will come along—big ones—and we sincerely hope that the bowling public of the city will support them in a manner they deserve.

FLOTSAM AND JETSAM

Ochids to Ed Cunningham for his hefty 245 and 658 in the Electro League and Scott Vining for 225 and 608 in the Y Mercantile. . . . Cunningham was a potential great several years ago but apparently never devoted enough time to the game. . . . Scott Vining and his partner, Harry Smith, are a pair of real sports lovers. . . . They support nearly every type of sports promotion in the city. . . . "Bo" Gill, the astute sports editor of the Newburgh News, tabs Willard Burke of Kingston High as the "Coach of the Year." . . . We assent, Mr. Gill, to be sure. . . .

TENPIN TOPICS: Bob Chalmers, who conducts a bowling column "The 11th Frame" in the Albany Times-Union suggests a singles match between Viola Morrison, capital city star and Rose Schatzel for Saturday, December 21, in Albany. . . . How about it, Rose? . . . A duel between a picked Albany female squad and the Kingston girls is set for November 24 in Albany. . . . Tony Mack, of Newburgh, Fred Rice, "Hod" Spaulding and Johnny Ferraro of Kingston are blistering their home drives in Hudson Valley League competition. . . . Liberty squads have been shut out nine times. . . . This kind of weather makes you regret a premature retirement from golf but these are two sports that don't mix.

Down in Lindhurst, N. J., there is an up and coming star. . . . Sam Vitola, a protégé of Joe Falcato. . . . Mr. Vitola has been rapping out some astounding totals. . . . Challenges any bowler in the country to beat him on his (Vitola's) home drives. . . . Seems like a good pairing for Johnny Ferraro.

Billy Sixty, Milwaukee's golfer-bowler expert, wrote Al Cirillo of the Enquirer that he was shocked by Tony Sparando's margin of victory over Marty Cassio (1100 pins in 80 games). . . . We know a few bookmakers who were shocked, too.

Warren Smith's awarding Roy Vogt a handsome trophy for winning the 1946 city golf title is a magnificent gesture by a man who has time and again demonstrated his interest in local sports and athletics. . . . Roy Vogt will be mighty happy to receive it. . . . We've seen the trophy and it's a beauty.

BASEBALL AND THE SUCH: If you rate yourself a real baseball fan don't miss the October 30, 60th anniversary issue of the baseball Bible, "The Sporting News." It is a classic edition. . . . One of the features is an interview Dizzy Dean granted in 1944. . . . This interview is regarded by baseball writers as one of the all-time classics of its kind. . . . At one point, Dean says: "Greenberg was my meat. I poured fast ones across his letters and could hardly keep from laughing when he missed them." Another hilarious incident tells of Ford Fricks' persistent but futile attempt to force Dean to sign an apology. . . . Seems Dean had called Frick and a few others a "bunch of crooks." . . . "I wasn't signin' nuthin'," bellowed the Great One. . . . Strangely enough, O'Day forgot to mention the time he tried to pour a fast one by Lou Gehrig. . . . History records that Jerome Hannah didn't laugh at that occasion.

DAILY BULLETIN:—New York, Nov. 6 (BBS)—Larry MacPhail, general manager of the New York Yankees, today issued a lifetime pass for all Yankee Stadium games to Robert "Bud" Tierney, former New York Giant fanatic of Kingston, N. Y. MacPhail said Tierney made the switch in allegiance after the Giants finished in last place in the 1946 pennant race.

Irish Are Biting Nails Over Skeeter State Team Lujack Injury; Blaik Says Army Team to Play 60 Minutes

Couch Blaik, However, Has Quarterback Has Bad Seen Army Go Full Ankle as Result of Practice Collision With End Game and Win Several Times

West Point, N. Y., Nov. 7 (AP)—It will be a team of 60-minute football players against an all-star squad of players who can be shuttled in and out of a game at the coaches' pleasure when Army meets Notre Dame before 74,000 spectators at Yankee Stadium Saturday.

That's the impression you get from talking to Earl (Red) Blaik, Army coach, and the figures for Army's games so far bear it out.

Given good, cool weather that won't take too much out of his athletes, Blaik obviously expects his starting eleven to go through most of the game against Notre Dame just as it did against Oklahoma, Michigan and Duke.

"I have seen Army teams play 60-minute ball and win," was Blaik's only comment when asked how long he expected to keep his starting lineup on the field against Notre Dame.

So far this season, which never has given Army a chance to let down, there have been four 60-minute performances recorded. The two starting tackles, Goble Bryant and Shelton Biles, Guard Art Gerometta and a halfback named Gene Davis, who may be known to some football fans, went through the entire Michigan game without relief.

Against Oklahoma, Army's regulars were all in there 40 minutes or more with the exception of Joe Steffy. In the Duke game the starters played from 40 to 56 minutes each and even in the "breather" against West Virginia last week Davis and Doc Blanchard were in action for 43 minutes and 15 seconds each and the other regulars all played more than 30 minutes.

When Blaik gives out his three-deep lineup, the difference between the first and second teams becomes ever more apparent.

"I wouldn't say Army has two top teams this year," says the Army coach, whose calmness belies his red hatch, "Notre Dame has four top backfields and two top lines, plus a few other line-men who are equally good."

It is obvious from Blaik's conversation, which returns constantly to the quality and numbers of Notre Dame personnel, that he figures the game as a team vs. squad affair. He even goes back to 1944, when Army won by a lopsided score but was just about worn out at the finish, to show how the Irish may "run us into the ground." Nevertheless, he seems to think his boys will do well enough if they can play the full time.

Any pessimism which Blaik may display hasn't been transmitted to the cadet corps. In their usual display of pre-game fervor, the would-be officers have decorated the barracks with signs which read "Buck 60" and "We'd be nothing unexpected." They'll really cut loose tonight in the annual Notre Dame game rally.

The final workout is scheduled for this afternoon. Tomorrow morning the team will leave for the Knollwood Country Club in Westchester county and it will work out briefly at Yankee Stadium Friday. The Notre Dame squad is due at nearby Bear Mountain Friday morning and will hold its final workout there.

Robinson Has Sore Hand and \$12,500

Cleveland, Nov. 7 (AP)—Sugar Ray Robinson, king of the welters although he doesn't wear the official crown, today had a sore hand, an aching jaw, something more than \$12,500, and his 49th kayo victory in 53 professional fights.

He picked up all those items last night as he flattened Artie Levine, Brooklyn middleweight, in 2:41 of the 10th round at the arena before a crowd of 12,102 which paid Off's greatest indoor fight gate of \$83,171.98.

The New York negro fighting machine won this one the hard way. He dug himself out of the realm after being floored for a nine count in the fourth stanza by a rapier-like left hook to the jaw. Weathered a couple of other punches and then battered his foe into helplessness with only 19 seconds to go.

It was Levine's first knockout defeat in 60 professional bouts.

Cadets Are Underdogs

New York, Nov. 7 (AP)—For the first time since Army began building up its 26-man winning streak nearly three years ago, the Cadets find themselves listed as underdogs in the betting line. Notre Dame today was established as a one-half point favorite to end the West Pointers' long chain of victories.

Beets Extra Points Boston, (AP)—Eddie Dorr, star kicker of the 1942 Boston University football squad, who was wounded at two times so that he can no longer play regularly, is prominent as a point after touch-down specialist for the Terriers. He is used only in that capacity.

South Bend, Ind., Nov. 7 (AP)—All of Notre Dame's skyrocketing hopes for revenge on the Army after two long years of waiting, all of the long labor the Irish put in for a solid year of postwar reconstruction looking to this very week-end—everything rested today on one sprained ankle.

This was the ailing right ankle of Johnny (The Wing) Lujack, who quarterbacked the Irish to their last gridiron win over the Cadets back in '43.

Lujack is so hot and so vital in the signal calling, forward passing and, especially, the defensive machinery, that Notre Dame Coach Frank Leahy says he's better than his predecessor, Angelo Bertoni. And "Bert" you remember, was so good in his day they just about wrote songs and named their children after him around here.

Johnny hurt his ankle yesterday as the final full dress drill for Saturday's super colossal clash with the Cadets in New York was winding up on Cartier Field, and only a couple of hours after teammates elected him and Halfback Gerry Cowhig as the Army game co-captains.

Physician's Word Awaited

Today all hands sweated out with finger nail biting anxiety the final word from Dr. Joseph Caton, the school physician, as to whether the 21-year-old ace would be able to lead the train with the 36-man squad when it heads east at 4 p. m. (C.S.T.).

But just giving Lujack the railroad ticket and his lower berth isn't the part that has the Irish worried. Johnny must be on deck ready to roll Saturday, or the best Notre Dame team in three years—the outfit even the assistant coaches believe might whip Army by 20 points to atone for the 59 and 48 point beatings of 1944 and 1945—hasn't more than a prayer. But it is on defense where he is as necessary as a parachute to a jumping flier—and especially in the secret defensive setups Leahy has been working on to keep Doc Blanchard and Glenn Davis from running the Irish right out of the New York Yankee Stadium.

And ironically enough, it was while practicing defense against an Army pass play that the quiet, likeable ex-sailor from the Pennsylvania coal fields, who only returned in June from a hitch on a sub chaser in the Atlantic, suffered his mishap. He and End Frank Kosikowski, the potential receiver, collided and went down.

The squad takes off today with the roof of the Notre Dame gym still shaky on its rafters from the student-rattling cheers of the Army game rally last night. The loudest and longest ovation of all came when a little, sweet-faced bespectacled woman stood up to take a bow. They introduced her as "Mrs. Knute. Rockne—Mrs. Rock," widow of the famed Irish coach.

Trinity Quintet In Church Loop

Third Junior Cage Squad Announced by Edson

The third junior basketball team, and the seventh one in the joint junior-senior division of the Church Basketball League, has been added to the fold. Harry Edson, acting superintendent of the recreation department, revealed today.

The new team is the Trinity Methodist quintet with a roster of seven players including Bill Leverenz, Joe Leverenz, Charlie Leverenz, Billy DuBois, Harry Short, Al Short and Billy Davis. A manager of the club has not been selected as yet.

Teams already entered in the junior division are St. Peter's and Immaculate Conception while St. Peter's, Immaculate Conception, Redeemer and Trinity Lutheran make up the senior classification.

Mr. Edson is still seeking additional clubs to complete both leagues and any church team interested in joining, is asked to send a roster and officials to him in care of the recreation department, 97 Broadway immediately.

Kingston's Fine Showing Last Week With Middies Expected to Draw Good Crowd to Stadium

With 10 schools entered, the 1946 Section Nine Cross Country Championships will be run here in Kingston Friday afternoon at municipal stadium. Starting time is slated for 3:30 o'clock and a close race is anticipated.

Three in Class A

The three major schools—Newburgh, Middletown and Kingston—are entered in the Class A division for schools with enrollment of 1,000 or more. Newburgh won the title in 1945 and is figured to give a good account of itself again Friday.

Coach G. Warren Kias' Kingston High School hill and daleers will go into Friday's race as favorites due to their previous accomplishments this season. About two weeks ago the Kiamsons traveled to Newburgh and won the annual DUSO League cross country meet by defeating Newburgh 34 to 42 with Middletown coming in third with 60 points.

Local supporters are pitting their hopes on young Eddie Ward to carry the banner again for the Maroons Friday afternoon. Ward has been a consistent winner this year and should stand an excellent chance to pull Kingston through with a victory.

Newburgh, meanwhile, is ready to pit Artie Barron with Kingston's Ward as the possible one-two runners of the meet. Barron just got by Ward in that DUSO League meeting before by the narrowest of margins and tomorrow's meet should be interesting to see if Ward can settle matters.

Coach C. Everett Stevens of the N.F.A. squad reported this week that Art Nelbach, another top-flight Goldback runner, would not see action in Friday's encounter. The loss of Nelbach, rated as Newburgh's second finest representative, is a tremendous blow to Newburgh's chances of winning.

Other Classes Entered Mr. Kias, who is chairman of the Section Nine Cross Country Meet, told The Freeman this morning that seven other schools—four in Class B and three in Class C—will be entered in Friday's big meet.

Monticello, Ellenville, Nyack and Suffern will comprise the Class B division for schools with enrollment of 200 but under 600. Monticello is the defending champion in this classification. The Class C division includes Marlborough, Pine, Congers and other schools with enrollment under 200. Competition in the Class C event was not held last year.

The general public is invited to witness Friday's cross country meet.

Jeep, Walkie-Talkie Big Part of Horse Show

New York, Nov. 7 (AP)—The second World War, which caused the National Horse Show to be shelved for four years, has compensated for that inconvenience by contributing a couple of handy items to the first post-war renewal of the blue ribbon classic—the jeep and the walkie-talkie.

These two war-born contraptions have become an essential part of the trappings for the 58th show which moved into its fourth day at Madison Square Garden today.

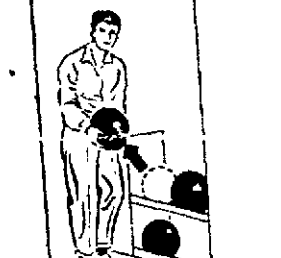

In pre-war years, it was the unfortunate lot of the common work horse—publicized cousin of the show animal—to pull the wagons used in hauling the "props" in and out of the ring between events.

Not so today. Now two shiny jeeps with G.I. drivers scowt across the arena, pulling flat-bed wagons which carry all the artificial trees, hedges and similar equipment used in setting up the obstacles for the "jump."

Walkie-talkies are being used this year to relay results from the middle of the show ring to press, radio and public address booths, a chore performed in the

CARE AT THE RACK: Occasionally a bowler suffers injury to his fingers by getting them sandwiched between the balls on the return rack, but this can be averted altogether by applying a little care.

When about to pick your ball off the rack, observe first whether a ball is coming along the return from the pin pit. If so, wait until such ball has gone through the "return loop," or other safety contrivance attached at the head (front end) of the ball rack.

Don't depend too much on the safety controls that are aimed to impede the speed of the returning ball and drop it gently on the rack. Like anything mechanical, they don't always work.

Better to exercise the little care required and avoid injury. Do this by always picking up the ball with both hands. Place the hands on the outside of the ball—across the rack (see illustration).

Never insert the fingers and thumb into the ball while it is on the rack. You do that only after you have taken your stance and are set to go into stride. Pick the ball off the rack properly from the very outset, so that it becomes instinctive.

Emerick's Ladies' League
The high-flying Mayorettes are traveling and at a terrific pace for the ninth straight week. The Emerick's Ladies' League bowlers won all three games and have now stretched their winning streak to 27 in a row. The nine-game lead over the second place club in that loop, the Greenies, was held by the Mayorettes. The Greenies saw to it Tuesday night that it was another week of the Mayorettes' domination. The Mayorettes swept the three decisions in good style.

Lila Ginder supplied the biggest fireworks in the match with a 550 triple on scores of 202, 191 and 166. Mrs. Jansen followed with 482 and Mrs. Fredericks with 481. Dot Capped the match for 481. Dot Capped the match for 481. Dot Capped the match for 481.

Central Rec League
R. Webber and L. Stauble divided the spotlight in the Central Rec League matches this week. Webber pounded out the high single score of 237 for the Smith Avenue Storage club while Stauble wound up with a nifty 600 triple on the nose for Woris.

Stauble reeled off a string of 185, 225 and 190 for Woris. Webber's triple with other scores of 162 and 162 was 561.

Other noteworthy marks recorded at the Central Rec lanes were as follows:

Eltinge Auchmoody 194-527; Bartoff 201-350 double; Davis 219-499; Leventhal 199-517; Swirsky 222-509; Stan Warren 200-545; J. Nerone 200-517; R. Hough-taling 189-506; J. Late Sports Bulletin
By SID FEDER
South Bend, Ind., Nov. 7 (AP)—Dr. Joseph Caton, Notre Dame school physician, said today after examining Johnny Lujack, injured Irish quarterback, that Lujack's sprained right ankle has responded well to treatment and he believed Lujack would be able to play Saturday against Army.

"There is only a slight amount of pain now after the overnight treatment and most of the swelling has gone down," the doctor said when asked if the ace signal caller would be ready for the national championship game Saturday in New York he replied "yes, I think so."

Florida End on Winless Team Is Top Receiver
New York, Nov. 7 (AP)—Although his team was idle last week, Broughton (Brute) Williams of the winless University of Florida retains the honor of No. 1 pass receiver among the country's college gridgers.

Figures released by the National Collegiate Athletic Bureau today show Williams topping the department for the second straight week. The giant Florida end has caught 23 successful aerials for gains totalling 433 yards in five games.

Pushing Williams for receiving honors is Dean Laun, Iowa State end, who has snatched 22 forward passes for an aggregate gain of 302 yards in seven games. Neil Armstrong of Oklahoma A. & M., who surrendered the lead to Williams two weeks ago, is tied for third place with Louis Mihajlovich of Indiana. Each has caught 21.

The present collegiate record was set in 1941 by Harry Stanton of Arizona, who caught 50 passes for a total of 828 yards.

Girl Admits She Took Part in Store Holdup of \$30,000
Susan Begg Goes to D.A. and Admits Her Part in Action; Three Youths Held
New York, Nov. 7 (AP)—A pretty, 17-year-old girl, whom her mother characterized as "just a plain home girl," walked into the district attorney's office yesterday and admitted participating with four youths in a \$30,000 hold-up of a jewelry store October 28.

The girl, Susan Begg, was charged with robbery. Assistant District Attorney Vincent Liebell said she told him through her attorney that after reading of the robbery and the arrest of three youths she became sick with fear and remorse.

Figuring a clear conscience was more prized than three diamond rings and a gold wristwatch she said she received as serving as a lookout outside the East 11th street jewelry store, she seemed glad to surrender, Liebell said.

Previously arrested in the case were Juan Mendez, 19, and Bernard Fili, 19, both charged with robbery, and Lawrence Roberts, 20, charged with violating the Sullivan law and conspiracy in a felony. Susan also implicated two other youths in her confession.

Rescuers bring Samuel O. Mattison (center), 31, safely to the surface after freeing him from a 30-foot well in which he was trapped 12 hours by a rock cave-in near Palaski, N. Y. The rescue was effected by digging a hole alongside the well and tunneling to the trapped man. (AP Wirephoto)

Syndicate Purchases Kentucky Stock Farm
Lexington, Ky., Nov. 7 (AP)—A three-farm syndicate has taken over ownership of scenic Idle Hour Farm, big grass proving ground for the thoroughbreds of the late Col. E. R. Bradley.

The 291-acre estate, with all its breeding stock and racing stable, was sold yesterday for approximately \$2,500,000 to Greentree Stud, Inc., New York, King Ranch, Texas and Ogden Phillips of Tuscon, N. Y., thoroughbred enthusiasts.

Major Louie A. Beard, Lexington horseman who managed the sale, said the sale figure was "fairly close" to the \$2,681,545 option to purchase held by the group, although he was not at liberty to disclose the exact price.

A suit filed by Thomas S. Bohne, secretary to Bradley, to prevent the sale of Idle Hour Farm is pending in United States District Court here.

Baldwin Gets Award For Second Time in Season
Los Angeles, Nov. 7 (AP)—Burr Baldwin, U.C.L.A.'s wing-ding wingman, has earned the Associated Press' line-man-of-the-week award for the second time this season, to tie the repeat record set last year by George Savitsky of Pennsylvania.

Baldwin, who was handed the palm three weeks ago for a sterling performance against Stanford, outdid all previous efforts, his backers claimed, in the Bruins' 46-20 win over St. Mary's last Friday.

The 185-pound veteran of the Battle of the Bulge, considered by many sports writers here as perhaps the greatest end developed in southern California, scored three touchdowns, two in the first five minutes of play against the Gaels.

Two tallies came on pass plays covering 49 and 23 yards. He scooped up a blocked punt for the other score.

PORT EWEN NEWS

Three Die in New Delhi Hindu-Moslem Riots
New Delhi, Nov. 7 (AP)—At least three persons were killed and seven injured in New Delhi today in an outbreak of Hindu-Moslem rioting broke up only after police opened fire.

Looting and continued communal warfare also were reported in Bombay, where police used small arms fire in a battle against rioting crowds. Four stabbing incidents were reported there and the government authorized police to take the "sternest measures necessary" to stop looting.

The district magistrate in New Delhi attributed today's outbreak here to the Moslem celebration of Id ul Zuhra, during which Moslems traditionally sacrifice goats and cows. Cattle are sacred to Hindus. The magistrate prohibited assembly of five or more persons for a week.

At the same time, reports from Bihar province indicated that murder, arson and looting were continuing there.

FIRST FAMILY RETURNS FROM VOTING

President Truman arrives at Union Station, Washington, D. C., with Mrs. Truman and daughter Margaret on their return from their home in Missouri where they voted. The President flashed a smile but refused to comment on the election results. (AP Wirephoto)

Good Neighbor Policy
Winterville, Ga., (AP)—School students here are finding their Thursday good neighbor policy pays. Every Thursday afternoon a group dons working clothes and helps pick cotton in some neighboring farmer's field. In one recent afternoon, 32 youngsters harvested 1,200 pounds of seed cotton. They are paid regular rates for their work besides competing for theatre tickets to the one picking the most cotton.

Tuesday Vote Was Record Poll for State Governor

Albany, N. Y., Nov. 7 (AP)—Nearly 5,000,000 persons voted Tuesday in New York state—a record for a gubernatorial year. With only 10 sparsely-populated rural districts missing, the total gubernatorial vote was 4,955,182. In 1938, a total of 4,821,631 votes were cast for governor. The vote showed not much

change in minor party strength. The American Labor count was 406,375, compared with 403,626 and 419,979 in 1942 and 1938, respectively. The Liberal Party total this year was 166,859. The party was organized in 1944, after a split in the A.L.P. ranks. The minor party vote was best in 1944 when the A.L.P. polled 483,785 and the Liberals 350,658.

Arrest Communist Head

Madrid, Nov. 7 (AP)—The Spanish government confirmed today the arrest of Augustin Zorua Sanchez, unofficially identified as the head of the Communist party in Spain. An official note distributed by the government press office also reported the arrest by national police of 15 of Zorua's co-workers, including four women. Three completely equipped printing shops, two combination radio receiver-transmitters, codes, documents and explosives also were seized, the note said.

PAY AS YOU RIDE
A small down payment and 8 monthly payments buys auto insurance, if you want credit. You need insurance to avoid trouble and possible loss of your driver's license.

For \$5.00 you can buy \$1,100 fire insurance on furniture in a dwelling in Kingston for 3 years. The policy also covers up to \$110 in any place outside the home.

What if someone falls on your sidewalk or is injured on your premises? \$5 a year insures a private home against such claims.

Let us insure your FUR COAT against loss or damage, anywhere, no matter how.

I have a monthly payment plan which enables business men to pay insurance premiums out of income. It's a confidential, convenient insurance service.

Storm Warning

Get your car's "Safety Factors" ready for Winter.

YOUR braking system, steering assembly—they're typical of the many "Safety Factors" engineered into your car when it was built. And, they've got to work properly for safe winter driving!

When giving your car a Shell lubrication job your Shell Dealer inspects these "Safety Factors" as he works—your wheel bearings, brake system, battery, steering assembly, radiator, lights, and windshield wiper. And he lists items requiring attention.

Finally, he gives you a record of service and a written guarantee covering materials and workmanship.

Play safe! Don't get caught unprepared by a sudden cold snap! See your Shell Dealer today and make a date for a Shell lubrication job for your car before the rush starts.
